HE STOLE MILLIONS

Record of Ed. Field's Financial Transactions.

A Napoleon of Finance Without a Doubt,

Who Has Wrested the Laurels From Ward and Ives.

Robbed All With Whom He Came in Contact.

Schemes Worked by Which His Family Secures His Admission Into an Asylum and Saved Him From a Term in the Prison Cells.

New York, Dec. 16.—The World this morning, in an article in which it alludes to Edward M. Field as Napoleon of Finance II., and apparently fit to rank with Ward and Ives, says that during the past year he has been intrusted with over $2,000,000 in money, bonds and stocks and that the owners thereof do not know what has become of their property.

These facts, the World says, have been gathered from interviews had with the partners of Field, with Wall street brokers and with some of his victims. The amount is made up as follows:

Cash and securities from Wiechers and his relatives, $1,287,000.

From Woerrishoeffer & Co., cash from corn sales, $100,000.

From Peter Cassidy, for 1,500 shares of North American (which were never delivered), $30,000 cash.

From two widows, in securities which they gave to him as their agent so he could collect their dividends, $14,000.

From a tailor for investment, $18,000, and finally $500,000 which he raised from re-hypothecation of Union Pacific bonds, making a total of $1,949,000.

The World also says that the day following the failure the Field family sent for Dr. Allen McLain Hamilton, the expert on insanity, to examine young Field. He had acted strangely about the house and they had become alarmed.

Dr. Choate, who conducts a private asylum, was at the house when Dr. Hamilton called, and together they made the examination.

It was most thorough, according to all accounts. They were asked later to fill out a certificate, previous to his commitment. The two experts declined and left the house.

A day later two other phycicians were called and made an examination. They filled the certificate on which Judge McAdam committed Field to the madhouse.

He was arraigned yesterday on one charge and bailed in the sum of $25,000, but was immediately rearrested and placed in Ludlum street jail.

WILL FIGHT FOR IRELAND.

The Clan-na-Gael Boldly Declares Itself.

The Alexander Wing of the Society Declares That the Time Has Come to Use Force.

Philadelphia, Dec. 16.—A secret circular has been issued by what is called the Alexander Sullivan wing of the Clan-na-Gael to the different camps in the United States, calling upon Irishmen, inasmuch as parliamentary agitation has been unsuccessful, to return to physical force. An officer of the Clan-na-Gael here said yesterday:

"Our organization is the strongest Irish organization in existence. We have 20,000 members ready to strike a blow for Ireland as soon as an opportunity presents itself."

REPUBLICAN CONVENTION.

Preparing for the Minneapolis Gathering Next June.

Minneapolis, Dec. 16.—The sub-committee of the national republican executive committee has arrived in the city. There were in the party Chairman J. S. Clarkson, of Iowa; Sergeant-at-Arms C. F. Meek, of New York; A. L. Conger, of Akron, O.; P. C. Payne, of Milwaukee, and Powell Clayton, of Arkansas.

The committee was met at the West hotel by the citizens' executive committee, and at once went into session to map out the work of getting ready for the national convention next June. The exposition building was visited, and the capacities of the various hotels looked into.

The plans of Architect Warren H. Hayes for remodeling the building to meet the emergencies were also reviewed. Col. Clarkson said he saw no reason why Minneapolis could not take care of the convention in fine shape.

THE BLAME ON EGAN.

London, Dec. 16.—The Times' Santiago correspondent says that the entire Chilian press blames United States Minister Egan for the tone of President Harrison's message and not a single newspaper attacks President Harrison.

FORGED A CHECK.

Memphis, Tenn., Dec. 16.—M. J. Beckwith, at one time a prominent Kansas City newspaper man, cashed a forged check for $1,200 and left for parts unknown. The check was drawn through a Little Rock bank on the National Bank of Commerce of St. Louis.

MORE TROUBLE.

Buenos Ayres, Dec. 16.—A report reached here yesterday that Yagauron, in Brazil, has started a fresh rebellion. The cause for the new outbreak is alleged to be refusal to accept the orders of President Peixotto. The national guard has been commanded to suppress the revolt.

LEPROSY ON THE ISTHMUS.

Panama, Dec. 16.—The alarming increase of leprosy on the Isthmus of Panama has led to an animated discussion in the newspapers. The authorities have been warned to adopt prompt measures to prevent the spread of the terrible disease.

EDMON S. CONNOR DEAD.

New York, Dec. 16.—Edmon S. Connor, who as an actor had in his time a reputation akin to that of his contemporary, Edwin Forrest, died at his home in Ruthersford, N. J., yesterday, aged 83 years.

MANUFACTURERS FAIL.

Philadelphia, Dec. 16.—Tschner & Frank, manufacturers of Jersey goods, have assigned. Judgments aggregating $50,000 have been entered against the firm.

A DEAD ACTOR.

Philadelphia, Dec. 16.—Mr. S. K. Murdoch, at one time a well known actor, and a brother of James E. Murdoch, has died, aged 75 years.

DUCKWORTHS TO DISBAND.

Better No Organization Than a Traitorous One.

Cincinnati, Dec. 16.—It is reported that the Duckworth club, the famous democratic organization of this city, will disband. On account of dissensions among the members growing out of Gov. Campbell's candidacy in the last election, an attempt will be made to retire the present board of directors.

Pailing in this the matter will be taken to court in the form of a petition setting forth that the club is insolvent, and that it will be to the best interests of the stockholders to have the organization wiped out of existence.

This action, it is alleged, is taken by the friends of Gov. Campbell, who are becoming tired of seeing the club run in the interest of Reemelin and others who are charged with having hired and paid men to vote for McKinley.

WORSE THAN EXPECTED.

Pittsburg, Dec. 16.—Theodore Doerflinger, the ex-treasurer of the Dexter Spring company, and Franklin school board, was brought into court for sentence on the charges of embezzlement, to which he pleaded guilty last Friday.

Sentence was not imposed, however, owing to new charges of embezzlement and forgery entered by the Modern Building and Loan association, of which Doerflinger was president.

YOUNG FIELD INDICTED.

New York, Dec. 16.—The grand jury to-day found an indictment against E. M. Field of misappropriating $50,000 worth of bonds belonging to the Union Pacific Railway company. Field, who was brought to the general sessions court this morning, presented a seedy and dejected appearance. The district attorney said he would require very large bail for the prisoner.

HELD UP IN CHICAGO.

A Mail Wagon Robbed on the Streets of a Great City

By Five of the Most Daring Highwaymen.

A Cool Piece of Work by a Gang of Men Who Were Evidently Not Novices, for They Knew Where the Valuable Packages Were.

Chicago, Dec. 16.—Jesse James' exploits were outdone last night in Chicago.

On one of the leading thoroughfares five daring highwaymen suddenly surrounded one of Uncle Sam's biggest mail wagons, and at revolver point forced the postal employes to throw out several sacks.

The bulky government vehicle was then sent flying on its journey, the occupants being threatened with instant death if they made outcry or stopped.

So complete was the surprise effected by the bandits that the mail drivers failed to utilize the services of a large bull-dog which was beside them on their seat.

Near midnight the stolen mail sacks, slit open and rifled of their contents, were found on Superior street, in the north division of the city, fully three miles from the scene of the robbery.

At that hour every available man of the city detective force and the postoffice inspector's staff were straining every nerve to obtain a clue to the identity of the highwaymen or their whereabouts.

The wagon was on its way to the main postoffice with mail from the stock yards and southwest stations. It was in charge of John Creighton, an experienced driver, who, after collecting his valuable freight, drove down Blue Island avenue to Halsted street, and then turned east on Mather street.

He was half way to Des Plains street when five men sprang from the sidewalk. One seized the horses by the reins, while the others covered Creighton with revolvers and commanded him to keep quiet.

The team was then led to the alley extending north from Mather street, and there, while one of the men covered Creighton with a revolver, the others forced open the door of the wagon, and hastily selecting the registered pouches from the others made off through the alley.

Creighton's guard kept the captive covered for five minutes and then left him.

The thoroughly frightened driver, whipping up his horses, drove as rapidly as possible to the main postoffice, where he reported the affair. An inventory was then made of the contents of the wagon and it was found that the two registered mail pouches from the stock yards station and that from the Southern station and Blue Island avenue station were missing. The value of the contents the officials were unable to determine, but it was known to be heavy.

Creighton in the dark was unable to distinguish the features and scarcely the forms of his assailants, except the one who stood guard. The latter was about 5 feet 10 inches tall, and wore a dark cap pulled down over his eyes.

As nearly as can be estimated the robbers secured in the neighborhood of $6,000 in currency and $200,000 worth of non-negotiable paper sent by the Drovers' & Yard's National bank to their correspondents. The latter item will be of little use to the bandits, but will cause trouble and confusion in financial circles involved.

A TREATY WITH JAMAICA.

More Democratic Doctrine at Washington.

The Bars to Trade Let Down to Furnish a Market for the Product of Americans.

Washington, Dec. 16.—The reciprocity negotiations with Jamaica have reached a satisfactory conclusion, thus completing the series of trade conventions made with the sugar producing colonies of Great Britain in the West Indies.

It is impossible to give the details agreed upon, but, broadly stated, it may be said that the duty on flour has been reduced 50 per cent.; kerosene, instead of paying 9 pence, will hereafter pay only 6 1-2 pence; patent medicines are to be admitted free; and the free list has been enlarged so as to open a market to certain American products heretofore practically excluded from the West Indies.

KILLED IN COLLISION.

A Fatal Accident Near Newburg Last Night.

Newburg, N. Y., Dec. 16.—One man on the Chicago express, which crashed into a way freight engine near here last night was killed and 11 others were injured, one so badly that he may die.

The man killed was Fireman Joseph Smith, of East Albany.

The injured are: James Kelly, engineer, fatally; L. E. Carr, of Port Jervis; Lawrence English, of Cohoes; Mrs. Gilbert, of Chicago; Hugo Mansell, of New York; James O'Toole, of Cohoes; J. H. Sheehan, of Cohoes; an unknown woman from Chicago, and George Burleigh, John Dillon and Nelson Hagadorn, train hands.

RECEIVER APPOINTED.

Boston, Dec. 16.—Hon. George S. Hale has been appointed receiver of the Golden Lion Endowment order.

RAILROAD CRASH.

One Dead Person Taken from the Ruins —More in the Debris.

London, Dec. 16.—There was a serious railway accident at Accrington, Lancashire, 19 miles from Manchester, on the Lancashire & Yorkshire railway.

A freight train over ran its steps and burst into the wall of the freight depot. That building thereupon collapsed, burying several people in the ruins.

One dead body has been extricated from the ruins and many persons have been injured by the accident. The search of the ruins continues as this dispatch is sent.

FOUGHT OVER POLITICS.

Paris, Dec. 16.—M. Charles Zoller and Col. Andruzzi fought a duel yesterday at Meudon. M. Zoller was pinked in the arm but received only a slight wound, while Col. Andruzzi sustained a severe wound in the breast. The quarrel originated in a discussion of colonial politics.

PRINTERS ON A STRIKE.

Philadelphia Newspapers Having Trouble.

Singerly Stands Out and Fills Up the Record Office With Non-Union Men—What the Boys Want.

Philadelphia, Pa., Dec. 16.—The compositors working for four of the morning papers of this city, the Times Record, Inquirer and North American, made a demand at 6 o'clock last evening that their wages be increased from 40 to 45 cents per thousand ems.

All of the compositors are members of the International Typographical union. The Times granted the increase, as did also the North American, although the latter paper did so under protest.

Proprietor Wm. M. Singerly, of the Record, refused to pay the extra 5 cents or to confer with the strikers. Instead he went to work industriously to secure a non-union force, and by 8 o'clock 34 men were busy setting type in his office.

This is about half the number usually at work. Mr. Singerly expresses confidence in his ability to get along without union men.

At the Inquirer office, after several conferences between Proprietor James Elverson and a committee representing the strikers, the men, at 8:30 o'clock, agreed to continue work at the old rate pending a settlement of the differences.

The Record is paying now on an average of about 44 cents per 1,000 ems, having conceded last year 45 cents for all minion, in which the body of the paper is set.

The scale presented to Mr. Singerly really amounted to a reduction in the Record's composing room payroll, cutting down the display men from bills of $45 to $39 per week to $24.

The objection of the Record was not to the new scale, but to proposed interference with the business of the office.

Mr. Singerly had an agreement with the men's committee that no strike occur until to-morrow at 3 o'clock, if at all, and had made no preparations for a lockout, but threats were made that the men would go out whether the committee made promises or not. At 6 o'clock when it was announced that the men were waiting for orders, Mr. Singerly ordered the men out and took possession of the composing room.

ABDUCTED BY A PRINCE.

The Paris Detectives Unravel Another Mystery.

Paris, Dec. 16.—French detectivesj who were ordered to search for a beautiful girl, aged 17, who has been missing from her home for some time, have discovered that a Belgian prince was the cause of her disappearance.

It seems the prince, who is now here, became infatuated with the girl, who resided with her parents near the hotel where he was stopping. The prince mad her a number of valuable presents and finally got the girl to leave her home and take up her quarters with him in another part of the city.

The parents have threatened to prosecute the prince for abduction and he says he will marry the girl.

RAILWAY EMPLOYES.

They Are Talking of a Great Federation.

Switchmen, Brakemen, Conductors and Operators Hold an Important Meeting in St. Louis.

St. Louis, Dec. 16.—The representatives of the switchmen, brakemen, conductors and operators' brotherhoods, which met here yesterday under the name of the advisory council of railroad men, came here for an altogether different purpose than was stated.

It was for nothing more or less than the formation of a federation of all the railway organizations of the United States to supplant the old federated council.

A long and at times greatly animated discussion took place, in which Acting Grand Chief Ramsey of the telegraphers advised a postponement until all the organizations could be assembled.

Grand Chief Clark, of the conductors, created consternation in the ranks of the assembled delegates by saying that the order of conductors could get along without federation, but he desired to see one formed, and therefore offered a resolution for the appointment of a committee of three authorized to frame a plan of federation, which will be forwarded to the grand officers of all the railway employes' organizations, to be passed upon by them, and providing for a meeting of said grand officers in St. Louis on February 1, 1892.

The resolution was adopted and Messrs. Mitchell of the Switchmen's brotherhood, Thurston of the Operators and Morrissey of the trainmen were appointed.

DAVITT IN THE FIELD.

He Pledges Himself to Support a Home Rule Measure.

Dublin, Dec. 16.—Mr. Michael Davitt has issued an address to the electors of Waterford in his contest for the seat in parliament, left vacant by the death of Mr. Richard Power. In his address Mr. Davitt pledges himself to endeavor to obtain the passage of a home rule measure which will satisfy the Irish people and which will enable its representatives to frame laws which will insure the fullest opportunities for the advancement of trade and labor interests in Ireland.

ENGLAND AND THE ZOLLVEREIN.

London, Dec. 16.—The Berlin correspondent of the Standard says that the reduction in duties on American corn and German sugar does not need parliamentary sanction as they were effected by simple exchange of notes. Negotiations are on foot with a view to England's joining the zollverein.

MADE AN ASSIGNMENT.

New York, Dec. 16.—Coburn H. Johnston, importer and jobber in dress trimmings and findings at No. 41 Union Square, has assigned to Edward L. Lithaner with a preference of $9,449 to the German Exchange bank due for advances on six promissory notes.

EMIN PASHA IN TROUBLE.

Paris, Dec. 16.—A dispatch from Zanzibar states that the position of Emin Pasha, who was last heard from at Wadelai, is precarious and that he has had several bloody conflicts with the tribes of the lake district.

FORAKER AND THE SOLDIER

How the Governor Showed His Love for Them.

Turned Down When He Could Have Aided Them.

Senator Sherman's Friends Are Just Now at Bat and Are Making Some Corking Hits Clear Over the Fence.

Columbus, Dec. 16.—(Special)—The senatorial war has reached that point where republicans meet in saloons and engage in a rough-and-tumble fight, and such disgraceful scenes can be expected from now until a senator has been elected.

Governor Foraker's latest claim is that he was a soldier and that he has always befriended soldiers in his public life. But is this statement true? Democrats have long discredited much that Foraker might say, but now republicans come out and charge him with sailing under false colors.

The Sherman men have reviewed Governor Foraker's career while in the executive chair, and find that although he had a great many offices to dispose of the soldier did not stand any show with him.

His private secretary was not a soldier, neither was his executive clerk or any other clerk employed in his office. He did not have an ex-soldier about him in his office.

His insurance commissioner was not an ex-soldier, nor were many—if any—of the subordinates of the insurance commissioner.

His railroad commissioner was not an ex-soldier, though he was for a while with the army as a sutler.

His oil inspector was not a soldier. Col. Smithnight, of Cleveland, was relieved in order to make room for George B. Cox (Coxie, old boy), of Cincinnati. This position was the best in the gift of the governor, but the old soldier who had it was deposed to make room for one who was not a soldier.

He did not appoint an ex-soldier to be shop and factory inspector. The place is worth $2,000 a year, and a good many old soldiers would have been glad to get it. But none of them did.

Nor was an old soldier appointed to be mine inspector, although capable men could have been found to have taken the office who had during the troublous times of the war gone to the front for their country.

Then there was the office of statistics of labor which Gov. Foraker filled. No ex-soldier was appointed to that. The job is worth $2,000 a year and would have been a very nice income for a deserving old veteran.

The office of state librarian is worth $1,500 a year, but no old soldier was given that snug berth.

The position of state supervisor of printing was not given to an ex-soldier, though numbers could have been found willing and eager to take it, in consideration of the salary, $1,800 a year.

There was not one soldier on the board of penitentiary managers, whose salaries aggregate about $5,000 a year. Neither was the warden of the penitentiary a soldier although the office is a pleasant one and a profitable one and one that several hundred good men who had served their country in its hour of peril would have been glad to get.

Then there was the roster department, in which the roster of Ohio soldiers is prepared. Of the 11 men employed there only two were soldiers until, at the extreme solicitation—amounting almost to a demand—of Secretary of State Ryan, two more soldiers were appointed.

One soldier, it is true, was appointed by Gov. Foraker, and that was Adjutant General Dill. It was a sort of ground hog case, though, for the adjutant general must, of necessity, have a knowledge of military affairs.

There were in the state 100,000 republican ex-soldiers from whom Gov. Foraker could have selected men capable of filling all the positions named, but he ignored all but one—Adjutant General Dill.

No fault is found with those who were appointed by Gov. Foraker, for they were all good men so far as present knowledge goes, and no criticism has been made of any.

It is preposterous for the friends of the governor to claim that he is the especial friend of the soldiers and that they therefore must support him now in his fight for the United States senatorship. It is notorious, and much criticism was made at the time on that account, that he did not give the soldiers the consideration that they were entitled to, preferring politicians who would be of use to him to those who had served their country on its fields of battle.

It is easy enough now to claim great credit for Gov. Foraker for having been, and for being, the friend of the soldiers; but the fact remains unchanged that while he was governor and had the power to do something more for the soldiers than to talk sweetly to them, he practically ignored them.

This matter would not have been alluded to if Foraker papers had not made such an ado about it. As they have done so, it has become necessary for the light to be let in on the subject.

CHILIAN AFFAIRS.

Minister Matta's Dispatch Was Official.

Valparaiso, Dec. 16.—Minister of Foreign Affairs Matta has informed Minister Egan that the dispatch sent by him to Senor Pedro Montt and the other ministers in Europe, relative to President Harrison's message and published in the official journal yesterday is to be regarded as the Chilian government's statement of the case at issue between the two countries.

The rumors concerning the formation of a new cabinet are rife, but nothing definite is known.

An incendiary fire occurred Monday morning, causing a loss of $50,000. Later on the same day pamperos set in, wrecking buildings and killing several persons.

WANT A RECEIVER.

Dorsey's Mortgage Company in Trouble.

Alleged That the Manager, C. H. Toncray Has Wrecked the Concern by Grain Speculation.

Fremont, Neb., Dec. 16.—An application has been made for a receiver for the Nebraska Mortgage and Investment company.

Ex-Congressman Dorsey is president of the concern, which had a capital of $250,000.

It is alleged that the manager, C. H. Toncray, wrecked the company by grain speculation. It is believed creditors will be paid in full.

DR. H. F. CAMPBELL DEAD.

Columbia, S. C., Dec. 16.—A special to the State from Augusta, Ga., says: "After ten months' illness Dr. Henry F. Campbell died at 11 o'clock last night. He was born in Savannah, Ga., 67 years ago."

THE BALTIMORE.

Callao, Peru, Dec. 16.—The United States steamer Baltimore arrived here yesterday en route to San Francisco. All on board are well.

RUSSELL SAGE ON DECK.

New York, Dec. 16.—Russell Sage was at his office yesterday for the first time since the explosion.

WERE FLEECED.

Two Hundred Toledoans Sadly Victimized

By the Collapse of the Progressive Benefit Order.

Toledo Has Two Lodges and the Members Are Offered a Settlement by a Boston Broker.

Over two hundred of Toledo's good and industrious citizens are sadly demoralized over the reported collapse of the beneficial organization known in Toledo as the Progressive Benefit Order, and in other places as the Order of the Golden Fleece.

Toledo, it is said, has two lodges. Mr. G. E. Bell being president of one and Mr. Geo. Webber, of Ketcham's National bank, secretary.

Of course the Toledo branches are not directly or indirectly interested in what is believed to be one of the greatest swindles of the day, except as far as their share in bearing the losses are concerned.

It is a progressive benefit order which promised to pay $50 for $30. The maturing of many of the certificates has brought matters to a climax. Instead of drawing out $50, members who have paid in $33 have been served with notice of an assessment for $12 more. The special dispatch below from Boston gives the details of the situation in that city:

"The Progressive Benefit Order, whose headquarters are located here, is on its last legs, due to the decision of the supreme court that it will place an injunction upon the order at the request of any unpaid matured certificate holder.

"This overrules the order recently passed by the supreme officers, compelling all matured policy holders to give 60 days' notice before payment can be made. The result is that during the past two days, due to the publicity given the court's order and the receipt of adverse reports concerning the order's standing received from New York, Philadelphia, Pittsburg, Pa., Cincinnati and other western points, there has been a rush for the treasurer. The latter so far has only resorted to evasion in assigning the reason for the non-payments, and Monday will likely see the order in the hands of a receiver. State Treasurer Marden is out with an interesting statement concerning its condition. The nut of Marden's statement is in the fact that the concern has now only $141,000.

"The reports of the order show that it has gathered in some 60,000 or 70,000 members, of which number 10,000 have been paid off, and that the assessments have amounted to about $40 each. On the first number, say 60,000 at $40 each, the total fund would have been $2,400,000, from which $1,000,000 has been paid out, leaving $1,400,000. On the second number the balance would be, say 70,000 multiplied by $40, or $2,800,000. This, less $1,000,000, would leave $1,800,000.

"Now the law of Massachusetts requires 50 per cent. of the accumulated funds to be deposited with the treasurer. There should have been in his hands somewhere from $700,000 to $900,000, the half respectively of $1,400,000 and $1,800,000 instead of a beggarly $140,000. This is a conclusive showing that the matured certificates, those paid to the president, Thomas Davey, and his co-workers, were paid out of deposits for unmatured certificates, and before the bosses kindly amended the constitution."

The members of the Toledo lodges have discussed the matter, and an offer made by a Boston broker to pay $40 on matured certificates of $100 is being eagerly grasped. Those spoken with on the subject to-day are very reticent. They believe they have been victimized and are willing to grin and bear it. The membership was largely made up of bank clerks and mechanics.

The order has been strong in this state. Cincinnati, Columbus and Cleveland are all more or less in it.

The Knights of the Golden Fleece in this city, says a dispatch from Chicago, have come to the conclusion that they have been fleeced. They were to pay in $30 and draw out $50. Some of the members have paid in over $50, and now comes an assessment for $12 more, with no visible signs of the members getting anything back. William Geiss, of Cincinnati, is president of the western portion of the concern, and Gus Oelrich, a letter-carrier, represents it in this city. It is said that a large number of the members in Cincinnati have been caught.

"How many members has the organization got in Toledo?" a prominent member was asked this morning.

"Well, you can safely place it at two hundred."

"What do you propose doing?"

"What can we do? We are in the soup, that is evident. A Boston broker is offering to buy our certificates and the boys are just rushing for him. Of course, we haven't got the details as yet, but we know enough to know that we won't get much out of it."

Relative to this the Cleveland Leader has the following:

Four of the supreme officers of the collapsed Advance Beneficial Order, of Philadelphia, were arrested and brought before Magistrate Clement last Friday on a charge of conspiracy to cheat and defraud and for obtaining money under false pretenses. These officers are Frank G. Butler, supreme president; William Schriner, supreme vice president; S. E. Turman, supreme treasurer; and Thomas C. Baldwin, supreme secretary. At the hearing several witnesses testified that they had been induced to and had paid their assessments up to the time of the maturity of their certificates, and were then told that the order had assigned.

Attorney Zeigler, for the prosecution, declared that the order had been carried on in violation of the laws of Pennsylvania, and instanced the cases of the officers of the Kennedys, of the Spring Garden bank, who had received money knowing they were insolvent, and had been sent to prison, as a precedent for holding the accused.

Secretary Balderson, of the Advance order, is also chairman of the supreme trustees of the Order of Tonti, a seven-year organization which has many members in Cleveland. Considerable indignation is felt by the members of the latter order that Balderson is retained as a supreme officer. The Cleveland members have put in circulation a petition for his release, which will be sent to the headquarters of the Order of Tonti in Philadelphia.

CLUBS AND SOCIETIES.

Regular Meeting of the Isabella Reading Circle.

"Wanted—A Business Woman" at the Women's Colloquial Club—The Toledo Boys' Home Entertainment—Announcements.

The Isabella circle met with Mrs. George E. Lorenz, 1907 Madison street, yesterday afternoon, some thirty ladies being present notwithstanding the mud and rain which, indeed, made the pleasant parlors and the cordial welcome of the hostess all the more delightful by way of contrast. The meeting was called to order promptly at 4 o'clock by the president, Mrs. Rosa L. Segur, and the minutes of the previous meeting read by the secretary, Mrs. A. P. Stevens.

The secretary read a letter from Dr. Dickinson, secretary of the World's Isabella association, in which it was stated that the location of the Isabella pavilion was not yet determined upon. Application made for space within the world's fair grounds had not yet been acted upon by the Columbian commissioners. The pavilion would be built in or near the grounds.

President Segur announced that the paper before the January meeting of the circle would be read by Miss Nell Nolen, subject: "The Northmen and Pre-Columbian Discoveries." The paper for the February meeting will be read by Mrs. James Melvin, subject: "The Naming of America and Settlement of Florida by Ponce de Leon."

The secretary then read a letter of excuse from Mrs. Susan I. Moore who was to have given the paper at yesterday's meeting, but was prevented by illness, and upon request of President Segur Mrs. C. Q. Murphy read a paper she had prepared for another occasion.

Mrs. Murphy's subject was, "The Literary Features of the Reign of Queen Isabella," and was ably treated. Its substance was that Queen Isabella, far more than any other sovereign of her day, was the enlightened patron of letters. By her example and under her fostering the nobles of Spain were trained to consider a knowledge of literature as desirable as a knowledge of war. She introduced the art of printing into Spain, and aided it by liberal endorsements. She had books written by her subjects printed at her own expense, and gave royalties to men of letters who sought her kingdom from other lands.

Mrs. E. I. Ward was present at the meeting and after its adjournment obtained numerous signatures to her school suffrage petitions. A few minutes were spent by the ladies in getting acquainted, as the membership of the circle is increasing very rapidly. It is probable a purely social reunion will be enjoyed by the circle some time after the holidays.

The next meeting will be held Tuesday afternoon, Jan. 19, with Mrs. Cornelia Shaw, 2038 Parkwood avenue.

The committee appointed at the last meeting of the Political Equality club to formulate a system of parliamentary drill met last evening and prepared a very unique program, which will be submitted to the club at its next meeting. Should it be adopted the members will be certain of "no end of fun" at the winter meetings, and the fun will be of a character that sugar-coats a vast deal of useful knowledge in parliamentary usage and tactics. All members should hear the report.

Friday afternoon the members and guests of the Women's Colloquial club will be entertained with a paper by Mrs. A. E. Lang. Her subject is, "Wanted—A Business Woman," which appeals directly to the interest of a large number of the regular attendants on these club meetings. The club meets in the Law kindergarten rooms, Central Congregational church, at 4 o'clock, and all women are heartily invited to be present.

The Ramabai circle is in session this afternoon, with Mrs. Francis J. Sumner, 721 Prouty avenue.

Christian alliance meeting this evening, at 1549 Indiana avenue. Every one heartily invited to attend.

To-morrow evening the Theosophical society meets with Mr. and Mrs. John M. Wheeler, 222 Seventeenth street. These meetings are growing in interest, which is furthered by the thoughtful study those interested are giving the new-old doctrines of theosophy.

The managers of the Toledo Boys' Home are arranging to give an entertainment for the benefit of that institution. Wheeler's opera house will be used, and the time is set for Tuesday afternoon and evening, Dec. 29. The ambition of the managers is to raise such a fund before spring that they can then buy a house, and make permanent headquarters for the institution. It is a worthy enterprise, which should be cordially supported by our good citizens.

The Henrietta L. Monroe, W. C. T. U., will meet with Mrs. Marion Lawrance, 449 Hicks street, next Friday afternoon, at 2:30 p. m.

G. A. R. ELECTION.

Fostoria, O., Dec. 16.—(Special)—Norris post, G. A. R., have elected the following officers for the ensuing term: C—M. Adams; S. V.—D. C. Lloyd; J. V.—J. W. Dewey; quartermaster—J. T. Yant; surgeon—A. Kaufman; chaplain—Thos. Bilyard; officer of the day—Walter S. Payne; officer of the guard—I. L. Cramer; delegate—Fred Werner; alternate—J. M. Aber; trustees—S. Dreuning, C. FITZGERALD IS PENITENT.

He Has Embraced the Catholic Faith.

Says He Will Not Attempt to Take His Life Again—A Reporter Who Has a Scoop on His Life.

Columbus, Dec. 16.—(Special)—The attempt of Murderer Fitzgerald to commit suicide is likely to lead to some extraordinary developments.

Warden Dyer has information that a certain Younstown newspaper man has violated section 6902 of the revised statutes, which is severe in its penalty for carrying anything into or out of the penitentiary or jail without the consent of the warden or jail official.

The indications are that the aforesaid individual, in his anxiety to secure a "scoop," has taken from the prison an outline of Fitzgerald's criminal career.

However, be this as it may, Warden Dyer deems his information as sufficiently pointed in warranting him in notifying the Youngstown man that everything that he conveyed from the prison must be returned, and that too at once.

A failure to comply with this may lead to an affidavit being made under the above section and the gentleman returned under the escort of the sheriff.

The warden is determined to know everything that is going on, and feels that the favors he granted have not been appreciated.

Warden Dyer is now thoroughly convinced that the morphine taken by Fitzgerald was not brought from Youngstown, as he claimed, but was slipped to him since his incarceration in the annex. This feature is also being investigated, and may develop some facts not heretofore known.

Fitzgerald assured the officials that he is thoroughly penitent for his attempt at suicide, and says that it will not be repeated even if an opportunity is presented.

He is in the cage, but his clothing has been changed from the skin out. Father Logan was with him this morning and Fitzgerald has expressed a desire to adopt the Catholic faith and requested the Father to look after his spiritual welfare for the short time he has to remain on earth.

Fitzgerald is disappointed at the result of his attempt to cheat the gallows. He felt reasonably certain that if the poison failed to do its deadly work that he would at least gain public sympathy, but he finds that both failed.

He has promised Father Logan to make no further attempt on his life, but to wait the result of the law.

Mrs. Fitzgerald says that she wrote the matter that was taken to Youngstown, and says that Mr. Ashbaugh gave her $30 for it, with the understanding that he was to sell it to other newspapers. She has promised Warden Dyer to right every wrong that has been done.

TENNESSEE'S ARMY.

Sixteen Soldiers Bear all the Honor and Burden.

A General Belief That a Move Is to be Made to Return Convicts to the Mines Once More.

Nashville, Tenn., Dec. 16.—Tennessee has a standing army. At present it consists of only sixteen men and is sleeping in nine tents, but it gives promise of growing.

The army is bivouacked on Capitol hill, waiting orders to march on Briceville.

The army arrived here from Memphis under command of Gen. Keller Anderson, acting captain. The state officials are not very talkative, but it was learned that these sixteen men have been sworn in service for one year, and that it is the intention to swear in altogether 150 men.

It is impracticable to take the regular militia, as many of them could not leave their business, so these men will be employed. They will be regularly equipped as soldiers. There will be, in addition, a civil guard of fifty men at each place.

Although everyone knowing the facts declines to talk, it is thought that it is the intention to return the convicts to the branch prisons within the next few days.

It is said that the matter rests entirely with the lessees. The state board of prison inspectors some time ago passed an order for the return of the convicts whenever the lessees shall have provided safe quarters and a sufficient guard.

There was some trouble about who was to pay for the guards, and as the state will have militia equal to the number of civil guards, it is thought that a compromise has been made, and that the state and lessees will each pay one-half of the expenses.

Dr. Morrow, in an interview to-night, stated that the lessees were ready and had been for a week. They were only waiting for the return of Superintendent of Prisons Wade, who is in Washington. Dr. Morrow said the convicts would probably be taken back as soon as Mr. Wade returns.

Clifton Springs, Battle Creek and Hot Springs sanitariums, all famous health resorts, are using Garfield Tea in their treatment of constipation and female weaknesses.

MORE NABOBS IN TROUBLE.

London, Dec. 16.—A suit has been commenced by Mrs. Osborn, well known in London society against the wife of Major Hargraves, a prominent yachtsman, for slander, in having, it is alleged, circulated stories that Mrs. Osborne, while a guest of Mrs. Hargraves, stolen jewels belonging to the latter and her other guests.

DREADFUL PSORIASIS

Covering Entire Body White Scales. Suffering Fearful. Cured by Cuticura.

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost covering my face. It ran into my eyes, and the physician was afraid I would lose my eyesight altogether. It spread all over my head, and my hair all fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders, until my arms were just one sore. It covered my entire body, my face, head, and shoulders being the worst. The white scabs fell constantly from my head, shoulders, and arms; the skin would thicken and be red and very itchy, and would crack and bleed if scratched. After spending many hundreds of dollars, I was pronounced incurable. I heard of the CUTICURA REMEDIES, and after using two bottles CUTICURA RESOLVENT, I could see a change; and after I had taken four bottles, I was almost cured; and when I had used six bottles of CUTICURA RESOLVENT, one box of CUTICURA, and one cake of CUTICURA SOAP, I was cured of the dreadful disease from which I had suffered for five years. I can not express with a pen what I suffered before using the CUTICURA REMEDIES. They saved my life, and I feel it my duty to recommend them. My hair is restored as good as ever, and so is my eyesight.

Dyspepsia

Makes the lives of many people miserable, causing distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels. Dyspepsia does not get well of itself. It requires careful attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet efficiently. It tones the stomach, regulates the digestion, creates a good appetite, banishes headache, and refreshes the mind.

Distress After Eating

Sick Headache

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. After eating I would have a faint or tired, all-gone feeling, as though I had not eaten anything. My trouble was aggravated by my business, painting. Last spring I took Hood's Sarsaparilla, which did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." GEORGE A. CHEATING IN HORSE BLANKETS

Nearly every pattern of 5/A *Horse Blanket* is imitated in color and style. In most cases the imitation looks just as good as the genuine, but it *hasn't the warp threads*, and so lacks strength, and while it sells for only a little less than the genuine it isn't worth one-half as much. The fact that 5/A *Horse Blankets* are copied is strong evidence that they are THE STANDARD, and every buyer should see that the 5/A trade mark is sewed on the inside of the Blanket.

A TRAGEDY ON THE DEEP

Sailors Use Knives When They Fight.

Bloody Deed on Board an Italian Bark.

A Murderer Takes Refuge in the Hold and Refuses to Surrender—Brought to Time by Hunger.

London, Dec. 16.—A very peculiar state of affairs exists on board the Italian bark Emanuel Mainto, from Rangoon July 14, which arrived at this place on Saturday last.

Capt. Rixig, her master, immediately upon her arrival, notified the police that he had a murderer aboard the vessel, but that it was impossible for any of the crew to get at him. In detail the story told by the captain was as follows:

After the bark sailed from Rangoon everything proceeded in the usual monotonous course of life on board a deep-sea sailing vessel until the bark had been out nearly three months. The crew of the bark were all Italians and were of the usual excitable nature of that race.

Several disputes arose between the men but they passed over and no harm resulted from them. On October 4, however, the whole crew became involved in a quarrel and from words the men soon came to blows.

In a flash the sailors drew their sharp knives, which most foreign seamen wear suspended in a sheath on the hip, and a general stabbing affray occurred.

Before many of the men had received serious wounds one of the fighting sailors struck the man nearest him a terrible blow with his knife, burying the weapon to the handle in his victim's body.

The wounded man threw up his hands and fell dead to the deck. This sight had the effect of calming the angry feeling of the men and the captain gave orders that the murderer be secured, placed in irons, and locked up below decks. The orders were readily obeyed by the men, who were cowed by the outcome of their quarrel, and the murderer was imprisoned.

About October 16 the bark passed St. Helena and the voyage was continued without any further trouble among the crew until about November 4.

The murderer had been kept in close confinement until this date, when by some means he succeeded in ridding himself of his handcuffs and escaping from his prison. He had been locked up in the fore-peak of the vessel, and upon gaining his liberty he took refuge in the hold.

Here he piled part of the cargo to form a barricade, and though the officers and crew tried in every way to dislodge him they could not do so. The bark's cargo did not reach to the deck beams, but the fellow had practically the run of the hold.

He had access to the ship's stores, and here he procured a plentiful supply of food, biscuits, etc. From the carpenter's tools in the forepeak he obtained an auger and with this he bored holes alongside the hatch combings, and when it rained he would catch and preserve the water that trickled down.

He might have been captured could he have been surprised when outside his barricade, but he was wary and desperate, and it was decided it would be the safest plan to leave him alone until the ship reached port.

Much anxiety was felt that he might take it into his head to bore a hole in the ship's side and scuttle her and drown himself and all on board rather than to face the penalty of his crime, but this he did not do and finally the bark came safe to port.

The man in the hold was still master of the situation, and he has not escaped; he has kept any one from taking him prisoner. A close watch was kept upon the companion-ways and hatches to prevent him from getting away, and as soon as the bark was in dock police assistance was asked for.

The police thought they would have little difficulty in capturing the man, but when they attempted to put their plans into effect they found them as futile as those of the bark's crew. From Saturday until to-day they have been trying to devise some means to get him from behind his barricade.

The work of discharging the vessel was commenced, and after a large quantity of the cargo was taken out the man appeared and surrendered himself. He was ghastly pale from confinement in the ill-ventilated hold. He was emaciated, and it was very evident he did not have strength to make him dangerous. The bark's storeroom had been emptied of its contents just before the vessel went out of the dock, and it was impossible for him to get anything to eat. He had not tasted food for two days. He was so near death from starvation and from breathing the foul air of the hold that it was necessary to take him to a hospital.

EXTEND THEIR SYMPATHY

And Aid to the Striking Railroad Telegraphers.

At a special meeting of Toledo division, No. 37, Railroad Telegraphers of America, held at Turley's hall last night, the following resolutions were adopted anent the strike now in progress on the Pacific roads:

Whereas, It has come to our knowledge that the Southern Pacific and Atlantic & Pacific railways have issued orders to effect all dispatchers and operators in the employ of these companies shall make affidavit that they will not belong to the Order of Railroad Telegraphers, without the consent of the division superintendent, which consent will never be granted, and,

Whereas, By this action on part of these companies the dispatchers and operators on the Southern Pacific and Atlantic & Pacific have positively refused to swear away that little vestige of American independence that was left them and went on strike, for the rights that are due each and every American citizen; be it therefore

Resolved, That we, the members of Toledo Division No. 37, Order of Railroad Telegraphers, openly denounce such tyrannical actions as taken by the Southern Pacific and Atlantic & Pacific railways, and be it further

Resolved, That we heartily endorse the actions taken by our brother operators in striking for so grand and noble a cause, and that we will render them all assistance that may lie in our power to strike the shackles from so burdened a class of employes, and be it further

Resolved, That a copy of these resolutions be sent to our brothers in trouble, and to the daily papers for publication.

MR. WALDORF REPLIES

Briefly but Tersely to Mr. Bolles' Allegations.

Bolles' Denial in Keeping with the Blade's Admonition Anent Ante Election Pledges—A Card.

"No, this card is all the reply I desire to make to Mr. Bolles' denial and allegations," said Mr. Geo P. Waldorf. "I will say this, however, that Mr. Bolles' denial is in the rigid keeping with the Blade's advice some weeks ago that ante-election pledges didn't count. They evidently don't, but I am prepared to prove what I have stated relative to Mr. Bolles' position on the senatorial question prior to the convention."

Mr. Waldorf's Card.

Editor of the Bee:—I saw Mr. Stephen Bolles' card in the Blade and his polished utterances in the Bee of last night. He should confine himself to the point. His calling me a liar does not aid his denial. I reiterate that prior to the senatorial convention in this district, Mr. Bolles desiring the nomination for state senator, endeavored as strenuously as he knew how, to secure the support of Sherman's friends. I call his attention to the fact that I did not claim that he talked with me upon the subject. But he did talk with Mr. Joseph C. Bonner, knowing him to be a Sherman man, and intending him to communicate the same to Sherman's friends, and say that if he, Bolles, could be nominated and elected to the senate he would support Sherman at the senatorial election. Mr. Bonner is an honorable gentleman, and will not deny the truth of this statement.

I wish to say if Mr. Bolles has any revelations to make regarding the scheming done by myself prior to the senatorial convention I am perfectly willing that he should make them public.

GEORGE P. WALDORF.

RED LEARY FREE.

Discharged the Second Time in Police Court.

A Bungling Trial Results in His Release on Technicalities and the Police are Much Chagrined.

As mentioned in yesterday's Bee Charles Faber, alias Red Leary, had a hearing on a charge of receiving stolen property, and this morning Judge Sala rendered his decision discharging the defendant. In doing this Judge Sala stated that he believed Faber to be guilty, but the state had not proven that Faber knew the goods were stolen, and on this technicality he discharged him.

Much indignation has been expressed by officers on the force at the manner in which this case was conducted and this ending to the same. Faber has given the police much trouble for years, and his house was the headquarters of a gang of young thieves and burglars, headed by Faber's son George and Claude Gregory, and these boys took their plunder to Faber's house where it was concealed until they could dispose of it. Faber and his wife both confessed that they knew their son and his companions were thieves, but said the boys always claimed to have bought the stuff, notwithstanding the fact that they were not working and had no money.

Young Faber cannot be found as he suddenly disappeared after a a cutting affray he and Gregory were concerned in a few weeks ago. Gregory is locked up.

An immense quantity of stolen goods was found at the Faber house, the plunder of a dozen raids. The prosecutor decided to try Faber on a different case for each lot of plunder and in two trials has been unable to convict him.

Faber and his gang have been preying upon the public for years and the police are much chagrined at his acquittal just when they thought they had the gang broken up and the leader in the toils.

Both the prosecutor and the judge are blamed for the bungling manner in which they conducted the trials and the latter for not binding him over to the common pleas court at least.

As one officer said: "Thieves have a snap down here now, the plainer the case, the harder it is to convict."

VERDICT OF $4,800

Awarded Patrick Sullivan Against the City in Common Pleas Court.

This is certainly a week of big verdicts in common pleas court.

In Judge Pugsley's court this morning the jury in the case of Patrick Sullivan against the city returned a verdict allowing the plaintiff $4,800.

It was an action to recover $10,000 damages for injuries sustained in a fall on Fitch street caused by the defective walks between Woodruff avenue and Beacon street.

Byron Ritchie had charge of the case for the plaintiff.

BILLIARDS IN CHURCHES.

A Methodist Minister Who Astonishes the People

By His Plan of Fighting the Devil With Fire.

He Would Make the Church More Attractive than the Bar Room and Would Thereby Make it Attractive to Young Men.

New York, Dec. 16.—(Special)—The Methodist ministers in this vicinity meet once a week and discuss ways and means of bringing people into the fold. On these occasions at the last meeting Rev. Mr. Lynch caused most of the ministers to fall off their seats by a statement that the church was not doing what it should to make its houses attractive to the world's people, who are the great mass of humanity.

Mr. Lynch holds views regarding the relations of the church and worldly affairs diametrically opposed to those of most of the gentlemen that attend such meetings, and it is little cause for wonder that he managed to stir up a rumpus.

He believes that if the church is to fight the battle against vice successfully it must meet the devil on his own ground and to a certain extent with his own weapons.

He would even have bowling alleys and billiard rooms in the basements of churches, and would have them in use day and night, except Sundays, for the amusement of the poor.

In these rooms he would have the sale of all so called "soft drinks" permitted.

A reporter saw Mr. Lynch after the meeting.

"I told these gentlemen," said he, "that they can't make young men join the church by pious talk, and they can't make them spend their evenings at prayer meetings as long as there is a spark of human nature in their composition.

"Young men will prefer bowling down nine pins, playing pool or billiards or some other kind of amusement to hymns and long faces every time, and I don't blame them. We must give them something that they will find as attractive as the barroom and other places.

"Have pool and billiard tables and bowling alleys connected with our churches? Well, why not? Why should not the Methodist church help the poor men and boys of this city to have their pleasure? Let us stop being Puritanical.

"Now take the downtown Methodist churches in Brooklyn. They are scarcely doing anything, although they stand in the midst of the poorest part of the population. I took the census of attendance for four of them the other day—the churches on Johnson, Fleet, Warren and York streets—and I found that their total average attendance was less than 1,000.

"I should say tear one of them down and erect in its stead a fine club house, with all sorts of innocent games, with reading rooms, gymnasium, bowling alley and a big auditorium with a fine organ, where religious services and lectures could be held."

COL. BILLINGSLEA'S FUNERAL

Largely Attended This Morning—The Body Placed in a Vault.

The funeral of Col. A. M. F. Billingslea was held from the deceased's late residence, on the corner of Superior and Lagrange streets, at 10 o'clock this morning.

Rev. Father Quigley of the St. Frances De Sales church conducted the services, and in his sermon paid a high tribute to the character and life work of the departed. Mr. Billingslea was a member in good standing of the Elks and O. Y. C., and both of these orders were strongly represented by members in a body.

The following named gentlemen acted as pall-bearers: Joseph C. Huber, McSullivan, John Cavanaugh, George P. Alter, Christ. Wall.

Several beautiful floral pieces were presented by friends, including the Ketcham Furniture company, in whose employ the deceased was when taken off. The remains were placed in a vault at Calvary cemetery, as the relatives are undecided whether to bury them in Toledo or in Kentucky.

A SWELL FRONT.

The building on Bridge street, between Front and First streets, where the East Side bank will be located, will soon be ready for use. This morning the old front of the building was torn out, and when the work of reconstruction is completed a very striking change will be seen, as the new front will be of plate glass with oak setting. The incorporators of the bank have sent for a new charter, having concluded to organize with a capital of $100,000 instead of $50,000. The charted is expected next week, when the organization will be perfected by the election of directors and officers. By January 18 it is believed the bank will be opened for business.

A SQUAD OF TRAMPS.

Last night seven tramps presented themselves in a body at the back door of Mrs. Chase's boarding house, on Madison and Ontario streets. One remained outside as sentinel and six pressed their way into the kitchen, demanding food and assistance. A gentleman boarder telephoned for the police patrol, which made quick response. The sentinel spied it and at a signal the intruders hustled out and the seven disappeared down an alleyway. Why can't the city authorities jug every tramp and put him at work on our muddy streets? That's the way a Michigan city cleared itself of the nuisance to the last man, proving conslusively that, as a rule, the men who are tramping prefer that means of livelihood to honest labor.

SUNDAY SCHOOL CONVENTION.

There was a good attendance and much interest at the sessions of the Lucas county Sunday school convention, held at the Monroe street church yesterday afternoon and evening. The program was carried out successfully, and teachers and workers were profited thereby. This morning Prof. M. H. Davis discussed "The Great Teacher," and was followed by a conference of workers. This afternoon temperance was considered by Mrs. Keith and others, and Rev. S. G. Anderson delivered an address on "The Relation of Our Young Men to the Sunday School Work." This evening Rev. Dr. Bacon will give a descriptive talk on Palestine, with stereopticon views.

ANOTHER PLEASURE CIRCLE.

A number of the residents of the Fifth and Ninth wards met last evening at the home of Mr. E. O. King, and organized what is to be known as the Young Married People's Circle, and will meet weekly and play cards and otherwise amuse themselves. The following order will be maintained as to the meeting places every Tuesday night: Mr. and Mrs. Geo. Bittman, Erie street; Mr. and Mrs. Tom Burns, Jarvis street; Mr. and Mrs. Flood, Railroad avenue; Mr. and Mrs. King, Walbridge avenue; Mr. and Mrs. Kleuter, Western avenue; Mr. and Mrs. Korhumel, Covert house; Mr. and Mrs. Robb, Walbridge avenue; Mr. and Mrs. Van Aarle, St. Clair street; Mr. and Mrs. Yarton, Broadway.

FUNERAL OF MILTON J. JUSTICE.

The remains of Milton J. Justice, who died at Toledo Sunday evening, arrived in Fremont via the W. & L. E. this morning.

The remains were met at the station by comrades of Eugene Rawson and Manville Moore posts G. A. R., and escorted to the Justice homestead, the residence of two of his sisters, Mrs. M. E. Everett and Mrs. S. E. Failing.

The deceased was 62 years and 9 months of age. He was a soldier of the late war and a member of Forsyth post, G. A. R., at Toledo. The funeral services will be held at the homestead, W. State street, Wednesday afternoon at 2 o'clock, under the charge of the G. A. R. Rev. J. G. Shackelford will officiate.—Fremont News, last evening.

AFTER THE SERENADE.

James Good and William Miles, two young colored men, were arrested about 3:30 this morning for creating a disturbance on Summit street, near Jefferson. Their story in court this morning was that they had been out serenading and had collected some money which was in Good's possession. The other wanted him to divide and he said: "You niggahs come 'round to me in de mornin' and I'll pay youse off." This was not satisfactory and a fight was on. Good was also charged with resisting an officer. The fellows seemed to think it was a funny joke until Judge Sala fined them $5 and costs and five days each for disturbance and Good $5 and costs extra for resisting the officer.

TOLEDO THE WINNER.

A Severe Loss to Bloomington, Illinois.

Isaac D. Smead & Co. have had a contract with a Bloomington, Ill., foundry, for the manufacture of all their castings in the past 14 years, and by limitation this contract has just expired. Mr. Smead has annually sent to Bloomington, Ill., from $50,000 to $70,000, that will now remain in Toledo, and be expended here, since his present foundry started about a year ago is now in successful operation, and turning out finer and better goods than he was ever before enabled to secure. Mr. Smead began work upon his foundry some time before his contract with Bloomington, Ill., expired, in order to have it in thorough running order and be ready for the great amount of work which would then be thrown to it. He has not been disappointed, and is now in shape to look after that part of the business. Mr. Smead believes Toledo the best manufacturing and shipping point for cast iron, as well as the only city where coal, iron and lumber are brought together the cheapest. While this contract with Bloomington, Ill., has been a great burden to Mr. Smead ever since his residence in Toledo, it was made in good faith before he came here, and has been carried out in the same manner, being executed to the letter.

Mr. Smead now feels like thanking the Lord that he is relieved therefrom, as it will make a great saving in freight, besides putting the business where he can give his personal care and supervision thereto; the freight alone amounting to at least $10,000 per year. The business of the Bloomington foundry the first year was only $33,000, while that of Smead alone for 1891, will be over a million.

The Bee

THE TOLEDO BEE COMPANY. | Elmer White, F. P. Chapin, G. G. Hadley.

THE LEADING EVENING DAILY OF OHIO

THE DAILY BEE, Five Dollars a year, ten cents a week. Eight pages every day.

THE WEEKLY BEE, Sixty Cents a year, eight pages, eight columns each.

Home Office in New Bee Building, 326 St. Clair Street; New York Office, room 206, Potter building, opposite postoffice.

Telephones, Editorial 355; Counting Room 102

TOLEDO, OHIO, DECEMBER 16, 1891.

A DOUBLE NUMBER.

On Saturday the Bee will issue sixteen pages to accommodate the extra amount of holiday advertising that is crowding its columns. It will be a superior paper in every respect, and all the departments will be especially interesting. The edition will be very large and shrewd business men will naturally take advantage of this opportunity of spreading abroad their fame as wide-awake merchants and manufacturers. Leave orders for advertising at the counting room or send word to the office and the solicitors will call at your places of business.

It might be well to advise those who have Christmas gifts to buy, that to-morrow, to-day becomes yesterday.

If Griffin can hold Heller down to business long enough to secure his vote for speaker and senator it will be a bonanza for Griffin.

Lo is becoming civilized. An Indian of South Dakota has obtained divorce from his wife in the courts, because she attempted to kill him with an ax.

Representative Flickinger has the influenza, Heller has Griffin's string, and Griffin has a cinch on delivering two votes for Foraker. This is the status of the three statesmen at present.

Collector Waldorf does not deal in "glittering generalities," but presses facts upon the Bolles episode in such manner as to convince the unprejudiced that Stephen did toy with the Sherman string.

Lord Dufferin goes to France as British ambassador in place of Lord Lytton, deceased. The poet-politician is worthily succeeded. Lord Dufferin is one of the fairest of England's titled men of affairs.

What wonder that our cousins oversea, contemplating the world's fair, ask if there will be danger from Indians! They will take fresh alarm when they read of the robbery of a mail wagon in the streets of the city of the Fair.

Republican journals appear fearful that the democratic house will enlarge the free list in some important particulars that will be in the nature of vote catchers. Why not? Doing the right thing at the right time ought to catch votes and generally will.

The senatorial question grows in interest as the election approaches. The situation is confusing to the general reader of current news, as the friends of the two candidates are vociferously persistent in claiming the election. It seems to be a blind pool, and apparently just now it is anybody's race, or, rather either candidate's race.

After all the dishonest things a class of republicans of the state charge against John Sherman and declare to be proven, they would not object at all to his holding the high office of Senator if they could get their man in without crowding him out. Moreover, they have known these damning things of him all along and have refused to speak or act. High minded patriots.

"The free list has been enlarged so as to open a market to American products." This is quoted from an official Washington dispatch relative to reciprocity negotiations with Jamaica. So, to enlarge the free list does open markets for American produce. The democracy has been a long time converting one side of the republican party to this doctrine. If the little lump of leaven works, there may be final results worth mentioning. The present plan of little doses here and there with the secretary to drop the medicine and the president to hold the spoon, is a ridiculous roundabout way of starting, however. It would have no virtue whatever if men were not blindly prejudiced and the label on the bottle was not "republican party."

That was a graceful act of the officers and men of the life-saving service, in Washington, the presentation of an elegant silver vase to Mrs. S. S. Cox, in remembrance of the labors of her distinguished husband in its behalf. On the body of the vase is inscribed:

This memorial vase is presented to Mrs. Samuel S. Cox by the members of the life saving service of the United States in grateful remembrance of the tireless and successful efforts of her distinguished husband, the Hon. Samuel Sullivan Cox, to promote the interest and advance the efficiency and glory of the life saving service. He was its early and constant friend, its earnest and eloquent advocate, its fearless and faithful champion.

At the bottom in small, neat letters, is a quotation from one of the speeches of Mr. Cox in congress.

An exchange makes the following resume of the house members. It has no particular significance beyond the satisfaction of "knowing things:"

In the present house of representatives there are sixty-five men who have served the union army and fifty-six men who bore arms in the rebel ranks. The only northern man among the latter is John R. Fellows of New York city. Twenty-one members were born in foreign countries: nine in Ireland, three in Germany, three in Canada, two in Norway, one in Sweden, one in Greece, one in England, and one in Scotland. There are in the house one machinist, one blacksmith, one bookbinder, one carpenter, one tanner, one harnessmaker, one car finisher, two ministers, three sailors, five physicians, nine printers, ten journalists, nineteen bankers, twenty manufacturers, twenty-four merchants, forty-two school teachers, sixty-five farmers, and 213 lawyers. Many of these men were not engaged in the occupations assigned them at the time of their election.

In the census bulletin which gives facts and figures on schools for deaf mutes in the United States, some interesting items are presented. In the summaries we notice in 1880, there were 6,596 pupils in these schools of which 3,791 were males and 2,750 were females. There were 43 public schools (up to date of report) and eleven private ones. Of the public schools 14 are in the North Atlantic states, nine in the north central states, eight in the South Atlantic, seven in the south central and five in the western states. The average annual cost per pupil, exclusive of building expenses, was $271 for the year '89. The total of pupils for the last decade was 59,105; total expenditure, $14,029,774.

What these schools do for the afflicted is a matter of common knowledge. Many bright men and women and boys and girls converse as rapidly and intelligently with their fingers as the rest of the world does with the organs of speech. The increase in numbers keeps about even ratio with the increase in population, which is a comforting assurance. It is to be regretted that so many institutions failed to send in the reports requested as to items, etc., making the summaries necessarily incomplete.

Sage's Certificate of Character.

Russell Sage has derived one benefit from the operation of the dynamite fiend in being given a decidedly different character from that which he has heretofore enjoyed. He has been pictured as a grasping, heartless, avaricious money-shark; but now he is pictured by Dr. Talmage in the pulpit as a big-hearted, benevolent man. It was to Russell that Jay remarked after they had put Cyrus W. Field in a hole in a raid on Manhattan elevated stock: "Well, I guess we've left Cyrus his real estate."—Buffalo Express.

The Fair and the Sunday Question.

No convention of any sort now-a-days concludes its proceedings without a set of resolutions in regard to closing the world's fair on Sunday. All religious bodies, without exception, and the various gatherings of women have protested earnestly against opening the gates on that day. Every trade and labor organization, without exception, has declared in favor of keeping open at least certain departments of the exposition.—Indianapolis News.

Coming the People's Way.

Those who favor the election of the president of the United States by a direct vote of the people cannot consistently object to the Michigan system of choosing electors by congressional districts. This change would put the presidency one step nearer direct choice, and it would be an undoubted improvement upon election by general ticket as practiced in the other states.—Philadelphia Record.

Like Forakerites and Shermanites.

"Here, boys, stop that fighting."

"We ain't fighting, mister; we're playing politics."

"What do you mean, then, by scratching each other, and pulling hair and kicking each other's shins?"

"Oh, you see, him an' me is one side, an' we're lettin' the other boys see how much harmony there is in the party."—Texas Siftings.

In Free Trade England.

How is this? The Journal states that there has been an increase of 28 per cent. in the wages of coal miners in England since 1886. If there has been any equal increase in this country, either among coal miners or in any other class of workers, it has escaped our notice. Perhaps our protectionist contemporary will furnish us with a parallel.—Boston Herald.

Like a Good Many Others.

Ex-Senator Ingalls has been admitted to an Atchison post of the Grand Army of the Republic. The honor must have been due to his reckless daring since the war was over, for it is not recorded that he either waved a sword or fired a musket during the progress of hostilities.—Chicago Times.

Cooper Has Backers Now.

Mr. Cooper, of Indiana, proposes to ask the house of representatives to again investigate Pension Commissioner Raum. This time he will have a democratic body at his back and the commissioner will hardly get off with a whitewashing.—New Delta.

Bibles and Flannels First.

Miss Kate Field is vigorously protesting against the McKinley taxes on art as "senseless." So they are. But let us first lower the taxes on Bibles and flannels and see about the duties on French pictures later.—St. Louis Republic.

Save the Children.

Some wild-eyed patriot has suggested that the Congressional Record shall be read in the public schools. Fortunately we have laws for the prevention of cruelty to children in Indiana.—Indianapolis Sentinel.

Halstead's Accomplice Needs Him.

Mr. Halstead has gone to Europe again. Why he should have deserted his accomplice, Foraker, in the hour of his extremity must remain a mystery.—St. Louis Republic.

THE NEW CATHOLIC BISHOP.

Some of the Clergy Object to an Outsider.

The Youngstown Vindicator of last evening has the following of interest relative to the appointment of a bishop for this Catholic diocese:

It is learned that the appointment of Very Reverend Dr. Ignatius F. Hortsmann, of Philadelphia, to be bishop of the Cleveland diocese, is not meeting with favor among some of the Catholic clergymen. The reason is not because they have anything against the appointee, but on account of the appointment coming from outside the diocese, while there are so many worthy clergymen here. This is the main reason why the protest will be made and the allegation set up that there is no need whatever of a foreign appointment. A committee of Catholic priests will probably send circulars around to all the clergy of the diocese, asking their views, and if there are a sufficient number who are opposed, a formal protest will be made and forwarded to Rome. Some seem to be of the opinion, it is said, that there will be found sufficient sentiment existing to cause the rejection of the new bishop, but at the present time nothing definite can be learned, nor until a general expression is made.

CHRISTIAN SOCIALISM.

One of Its Ablest Exponents Will Soon Visit Toledo.

A Bee is informed that Rev. W. D. P. Bliss, Christian socialist, editor of "The Dawn" and founder of "The Brotherhood of the Carpenter," will be in Toledo about one month from this time. Mr. Bliss is an ardent advocate of the doctrines of Christian socialism, to promulgate which "The Dawn" was established, and it will be remembered by some who then had the pleasure of listening to him that he has before visited our city to speak upon these doctrines.

This previous visit was made upon request of Rev. Dr. Bacon, and his lecture was in the Central Congregational church. On Sunday, January 17 next, Mr. Bliss will preach in Trinity church at the morning service, and in Grace church in the evening. Christian socialism, the substitution of the law of Christ for the law of competition, the golden rule for the rule of "every man for himself," will be his theme in both discourses.

THE CONVENTIONS.

Kansas City is after the democratic convention. She feels that her vacant storerooms could be easily fitted up with cots and that the visitors would for a time give the town the appearance of being inhabited.—Indianapolis Sentinel.

St. Louis is arranging to present her claims for the democratic national convention. The local breweries are foaming for it, but the esteemed democratic contemporaries are not as amiable toward each other as the necessities of the case demand.—Buffalo News.

The republican national convention is to be held in the Minneapolis building where, last year, the Society of Christian Endeavor held its convention. Evil follows good in this world so rapidly that reformers may be excused for occasionally feeling discouraged.—Courier-Journal.

Two live eagles have been captured in the state of Washington, and will be sent to the national republican convention at Minneapolis. They are dubbed "Jim Blaine" and "Bill McKinley." The convention will determine which of these birds is to have his feathers plucked by the democratic rooster, unless the republican convention rejects them both and gives preference to a "mousing owl."—Atlanta Journal.

MENTIONED ON THE STREETS.

That the fire boat question may soon be sprung on the council.

That the quail may now fly unmolested by the hunter's gun; season closed yesterday.

That Toledo's merchants report good trade, notwithstanding the unpropitious weather.

That the "Albany Depot" will be filled to overflowing at the High school next Thursday.

That another Toledo pulpit becomes vacant by the removal of Rector Smythe to Mt. Vernon.

That the senatorial contest has reached its zenith when the republicans begin to call each other liars.

That John Sherman never got such a scoring from democrats as he is now getting from republicans.

That all the K. P. lodges in the city will soon work the amplified third rank, teams practicing regularly.

That regardless of the fact that Sherman is already defeated, the Forakerites are not staking any money on the result.

That a movement should be inaugurated to get the state conventions of both parties, if the national gatherings are not desired.

That the boy and girl who wants "a gold watch or nothing for Christmas," is around in the regulation copious quantity at present.

That Walter W. Bowen, of Sandusky, will be the next grand master of Odd Fellows in Ohio, if the present vote holds out, which it will.

That there is some anxiety to learn of the Toledoan who is after the state librarian's office; he is certainly keeping his moves under the hat.

That pistols and coffee are being arranged for Brothers Waldorf and Bolles. This difficulty must be wiped out with gore—and bloody gore, too.

That interest in the Protestant hospital word contest is not confined to the limits of the Future Great, a fact which will no doubt be gratifying to the ladies.

That the foundry business done by Col. Smead at Bloomington, Ill., which will now be transferred to Toledo, will add materially to the city's wealth.

That all the men claiming to hold the vote of the Lucas county delegation should put their shoulders together and thus lighten the burden on any one.

That the First ward democrats will soon have handsome headquarters, the matter being in the hands of President Puck, Curtis T. Johnson and Parks Hone.

That there are several candidates for Col. Billingslea's seat on Ohio's commission for the world's fair, but the appointment will not come to Toledo. This will be found to be O. K.—a tip on the quiet, as it were.

That the republican papers would set up a great song if the democratic office seekers were to drive their governor into a sick bed on the first round, as the republicans have done with Major McKinley. What hungry hordes!

That a number of local republicans will arrange to take up headquarters at Columbus, beginning next week, to lend their great influence in the "friendly contest." The public will soon know what the boys think of each other when they get in dead earnest.

That there is some fear expressed lest Representative Griffin should entirely forget his old home while hustling for the speakership. There are two votes in Toledo, Brother Griffin, which may be needed when the roll is called, and Foraker cannot direct how they shall be cast either.

ABOUT PEOPLE.

Joseph W. Bailey, of Texas, the youngest member of congress, is 28 years old.

Mrs. Davis, the wife of the Minnesota senator, is an expert shot with the rifle and an enthusiastic hunter.

Mrs. Taylor, of Little Washington, Pa., has accumulated $3,000,000 from oil wells. She is known as the oil queen.

Professor Agassiz, of Harvard, declares that in his opinion Dom Pedro was the best practical geologist in the world.

Daniel Webster was able to repeat the whole constitution of the United States word for word, including punctuation stops.

Lord Mayor Evans, of London, who was recently inaugurated, has laid down 600 dozen bottles of wine in the Mansion House cellars.

There is a curious little brown birthmark on the poet Tennyson's neck—a spot that looks as if a drop of wine had fallen there and stained the skin.

The Earl of Beauchamp is about to take up his residence among the poor of the East End, London, to direct mission work for the more unfortunate among them.

It is told on high authority that Queen Victoria's favorite scents are patchouli and marechale. Those famous Indian shawls which she gives as wedding presents are perfumed with marechale.

Paderewski's name has given no end of trouble and annoyance to those who have wanted to pronounce it correctly. He, who ought to know better than anyone else, says it as though it were written Pahdyfsky, placing the accent on the initial syllable.

Mr. Frank B. Carpenter's new picture, "International Arbitration," which is to be presented to Queen Victoria by an American lady, Mrs. Crisp, will be shipped from New York within a few days. The queen has caused notice to be sent to the artist, through the British minister at Washington, that the gift will be acceptable. It is likely that it will be put in the gallery at Windsor Castle.

The late Joseph Armour left $100,000 for the purpose of establishing a mission in a neglected part of Chicago. His brother, Philip D. Armour, who was to carry out this request, has added to the benefaction the sum of $900,000 and has erected a large building for the mission and another for an industrial training school. Over 2,000 persons of all ages are here instructed by faithful and competent teachers in the Sunday school, night school and kindergarten.

OUTSIDE THE BREASTWORKS.

Warner Miller should sit down and patiently wait for another billion congress. With our pensions and sugar bounties and subsidies to pay, what can we do for the Nicaragua job?—Courier-Journal.

President Harrison thinks this government should subsidize the Nicaragua canal. A president who can make such a proposition in the same message in which he calls attention to the fact that the Pacific roads owe the government $112,000,000, of which there is no prospect of payment, can never be accused of lacking "nerve."—Indianapolis Sentinel.

For many weary months Warner Miller has looked for the message which never came. He fell outside the breastworks that Harrison might be elected president, and has carried as reward for his partisan devotion the empty letter of condolence sent him by the beneficiary of Dudley's political. But in this case the patient waiter has been no loser. He now receives an indorsement by the president of his scheme for the construction of a ship canal with funds stolen from the federal treasury.—Chicago Times.

GEORGE FIELDS COME AT HIM

With the Sharp End of a Poker—An Incident.

The Columbus Dispatch, in its "Observation Car," relates the following incident relative to Mr. George Fields, of this city, which is worth reprinting in the Bee:

George Fields, of Toledo, is a member of the republican state committee. He is a colored man, though so light in complexion that a stranger would never suspect the presence of African blood in his veins. He is a photographer by profession, and his gallery is among the most extensively patronized in the City of Frogs and Miasma. A good story is told on Mr. Fields. Soon after the recent election he was present with other members of the committee at headquarters discussing inaugural arrangements, when the proposition to have an inaugural ball was broached. A local politician took occasion to say that he was opposed to a ball because (addressing himself to Mr. Fields, whose color he did not suspect), "the niggers will attend, and you can't keep them out." Mr. Field is noted for standing up for his race, and he at once proceeded to "turn down" the gentleman who had spoken, telling him, among other things, that "it was such inconsistent republicans as he that caused so many republicans to vote the democratic ticket." There was confusion and embarrassment for a time, and a profuse apology on the part of the gentleman who had opposed the idea of an inaugural ball.

A CHRISTMAS PARTY

At the Misses Law's Froebel Kindergarten.

The Misses Law, whose successful kindergarten school is held in the Adams street room of the Central Congregational church, invite their friends and the patrons of the school to a "Christmas Party," which will be given in the school room on Tuesday afternoon, December 22.

The little pupils of the school will fill the program, which includes a grand march, dumb-bell exercises, songs, games, dancing, etc. At the close of these exercises refreshments will be served, a Christmas carol sung, and gifts distributed. It goes without saying that every one invited will be there, to grow young again, sharing the pleasure of the little ones.

THE CHILDREN'S HOME.

The Lucas County Lady Board of Visitors Visit It.

Mrs. Judge Seney, Mrs. A. B. Cole, of the city, and Mrs. Van Rensalier, of Maumee, have duly qualified as members of the lady board of visitors to the Lucas county Children's home, and Monday afternoon made their first formal visit to the institution. They were accompanied by Mrs. Gen. Young, of the Xenia Soldiers' and Sailors' Orphan home, who is interested in the welfare of the 22 orphans boarded at the Lucas county institution by the state.

The visitors expressed their satisfaction with the general condition of things as they found them at the home. The children are well and well cared for, so far escaping serious illness this winter, and everything proper is being done for these little wards of the county.

HUMAN LONGEVITY.

Interesting Lecture on the Length of Man's Life by Dr. Sperry.

Dr. L. B. Sperry, of Bellevue, delivered a most interesting lecture last evening, at Y. M. C. A. hall, on "Life, the Long and Short of It." The hall was filled with a good-sized audience, and the doctor was listened to with close attention. "He argued that man's life is continually growing shorter and instead of living hundreds of years as was done in Old Testament times, the average length of man's life has been reduced to 33 years. The causes for this, he said, were continual wars, the lust of man and the excessive use of intoxicating liquors and narcotics. He showed by scientific facts and authorities how this is true and made a plea for better things and longer life.

GOLD CURE COMPANY.

An Effort Being Made to Locate It in Toledo.

The announcement of the organization of a gold cure company in this city in the Bee of yesterday has stirred up the real estate men, and all desire to give a site or some other inducements.

The incorporation papers have been returned from Columbus and the incorporators are: A. C. Baxter, Lima; W. J. Booth, Toledo; W. L. Porter, Lima; A. C. Reichelderfer, Lima, and W. H. Porter, Toledo. The capital stock is $25,000.

"We have received many inducements to locate in Toledo," said Mr. W. H. Porter to a Bee this morning, "but our arrangements have been practically made to locate in Lima. We could have raised $100,000 here in Toledo if necessary, but the stock is all taken."

LOCAL LABOR NEWS.

The dance given by the Electric Linemen at Druid hall last evening was an unqualified success. There was a large attendance and the best of order was observed.

At the meeting of the Bricklayers' union last evening at Mulcahey's hall, Monroe street, T. J. Gorman was elected a delegate to the national convention to be held in Cincinnati next month.

The statement published relative to trouble among the employes of the Central Chandelier company, seems to be unfounded, and the attempts to incite a strike is condemned by the men.

Considerable trouble is anticipated over the inforcing of the new rules adopted by the Building Trades council. They will not go into effect before spring.

Kent Iron Works to Close.

New Milford, Conn., Dec. 16.—The Kent Iron Works at Kent, Conn., will close next week indefinitely. The furnace has been run continuously for nearly half a century. A large force of employes will be thrown out of work by the shut down.

CUTTING DOWN EXPENSES.

Savannah, Ga., Dec. 16.—The Richmond & Danville railroad, operating the Central railroad of Georgia, last night discharged 100 employes from the shops here, cutting down its payroll nearly $5,000 a month. Operating expenses of the road are being reduced wherever possible.

ROUGH ON THE COMMUNITY.

San Francisco, Dec. 16.—John L. Sullivan appeared in the title role of an Irish comedy called Broderick Agee at the Brush Street theater last night. In one of the acts he had a bout with Jack Ashton.

DIED IN THE SOUTH.

Richmond, Va., Dec. 16.—Mr. A. W. Classon, formerly of New York city, but for several years a resident of Goochland county, in this state, died at his home yesterday. His remains will be taken to New York for interment.

A CONGRESSMAN HONORED.

Richmond, Va., Dec. 16.—Congressman Wm. L. Wilson, of West Virginia, has been elected president of Richmond college by the trustees of that institution.

IDLE WORKMEN.

Richmond, Va., Dec. 16.—Two hundred and fifteen employes at the shops of the Richmond & Danville railroad, in Manchester, were discharged yesterday.

THEIR ROYAL HIGHNESSES.

Queen Victoria will raise the Duke of Teck and all his family to the rank of "royal highnesses." Meanwhile the people are wondering how much British gold this royal marriage will take out of their English pockets.—Indianapolis News.

The story that Prince Albert Victor's engagement to the Princess Victoria Mary was a real love match, turns out as might have been expected. It was all arranged by their parents, as such affairs in royal families are wont to be. It is only common folks who are permitted to marry for love these days.—Boston Herald.

Americans will never be able to appreciate the official flummery of Great Britain. It will always appear absurd. Because a daughter of the Duke of Teck has consented to marry a son of the Prince of Wales the queen has concluded to raise the duke and his children to the dignity of "royal highnesses." They are now simply "highnesses."—Omaha Bee.

SENATOR M'CONICA

Was Not Promised a Congressional Nomination.

This morning's Findlay Republican, a Foraker paper, has the following relating to a dispatch which has appeared in several papers, and which Col. Waldorf's name has been freely used:

"The statement has been sent to the press from Columbus and published in the newspapers generally that in their efforts to secure the vote of Senator McConica for John Sherman, some anxious friends of the latter, including George P. Waldorf of Toledo and W. C. Brown of Fostoria, had promised Mr. McConica a congressional nomination next year. As far as Senator McConica is concerned we are able to say most positively that this statement is unauthorized. He denies in most positive terms that any such offer was ever made to him by the gentlemen named whom he holds in high personal esteem and whom he does not wish to see unjustly charged in a falsehood, the source of which might by inference be credited to him. The senatorial votes of Senator McConica and Representative Carney will be backed by sincere and honest conviction and will not be affected in the slightest degree by promises or offers—that much is guaranteed beyond question."

LEFT WITH ANOTHER WOMAN,

But On Returning to the City He Lands in Prison.

George Carnes, a motorman on the Robison street railway line, aged 22, and living at 647 East Woodruff avenue, has proved himself a gay deceiver, but his gaiety has landed him in the police station. On last Saturday he drew his pay, and immediately left town with Nellie Bolus, a waiter girl at the Niagara hotel, leaving his wife without any money to provide food or necessities. The case was placed in the hands of Humane Officer France and yesterday Carnes returned to the city and was arrested last night in a Summit street saloon. He is charged with neglecting family, and will have a hearing in police court to-morrow morning.

SUDDEN SNEAK

By a Thief Leaves Mr. John T. Coghlin a Loser for $40.

While Mr. John T. Coghlin was absent from his office yesterday evening about 6 o'clock, some thief pried open the door and stole $40 from the pocket of his overcoat. The money was in envelopes ready to pay off some men working for Mr. Coghlin and the thief left the overcoat in the hall.

AFTER MAYOR EMMICK.

Will the Council Pass the Street Car Ordinance Over the Veto?

Residents of Brown's addition and patrons of street cars in the vicinity are very indignant over Mayor Emmick's veto of the street railway ordinance.

A petition is being circulated asking the council to pass the ordinance over the Mayor's head.

HOME FOR THE HOLIDAYS.

Congressmen Beginning to Think of Christmas.

Washington, Dec. 16.—Congressman Layton, of Wapakoneta, is having a siege with the prevailing epidemic, grip, and will leave for his home Saturday.

Congressman Haynes will probably leave at the same time for the holidays.

Judge Hare's two sons arrived last night bringing along the judge's 250-pound St. Bernard dog.

THE CAR FAMINE.

The farmers of the northwest have got out another "Hold your wheat" circular. It looks as if they might have to heed it, whether they would or not. There's a limit to the carrying capacity of the railroads.—Boston Herald.

The news of famine in Russia and in Mexico comes with the news of a corn blockade in the northwest. The rolling-stock of our railroads is not adequate to the task of moving our bounteous crops.—New York World.

The New York Central railroad has contracted to haul 5,000 car loads of western grain to New York, within the next few weeks, for shipment to Europe. This is the character of news that causes the western farmer to feel happy. The more grain that is exported the higher the price will be.—New Delta.

THE BLAINE DIVORCE.

Evidence Being Taken in New York City.

New York, Dec. 16.—The taking of testimony in the suit of Mrs. J. G. Blaine, jr., for divorce was begun Saturday before Daniel Lord, jr., referee, at 120 Broadway. Mrs. Blaine, who came from Dakota to attend the hearing, was present, and husband and wife met for the first time for many months.

The taking of testimony will probably occupy a month or more, and the trial will take place at Deadwood in February.

Counsel for Mrs. Blaine say they know nothing of the granting of alimony and counsel fees to her by the Dakota court as reported in yesterday's papers.

City Auditor's Office.

Toledo, O., Nov. 24, 1891.

The committee on ways and means of the common council of the City of Toledo, O., and the undersigned invite sealed proposals at this office to

MONDAY, DECEMBER 28, 1891,

at 7 o'clock p. m. for the purchase of Street Improvement Bonds, to the amount of Two Thousand Two Hundred and Twenty-Three 41-100 ($2,223 41-100) Dollars, bearing date December 6, 1891, and payable as follows: One Hundred and Ninety-eight 41-100 ($198 41-100) Dollars on the 6th day of June, 1892, and Two Hundred and Twenty-five Dollars at the expiration of every six months thereafter, to and including December 6, 1896, at the office of the city treasurer, with interest at the rate of five (5) per cent. per anum, payable semi-annually at the same place as evidenced by coupons to be attached to said bonds.

Said Improvement Bonds are issued pursuant to Section 2704 to 2707 of the Revised Statutes of the State of Ohio, and also under an ordinance of the common council of the City of Toledo, O., "To provide for the issue of Improvement Bonds to pay the cost and expense of the improvement of Michigan Street, from Washington Street to Lafayette Street."—Passed Nov. 9th, 1891.

The said bonds will be sold at not less than par and accrued interest, to the highest bidder.

Bidders will be required to state the gross amount they will pay for the bonds besides the accrued interest to date of delivery at Toledo, Ohio. They will also be required to deposit with each bid an amount of money or a certified check on some responsible bank equal to at least five (5) per centum of the par value of the bonds, so bid for, as a guarantee of good faith, and that the bid so made (if successful) will be fulfilled in accordance with the terms thereof, and the requirements of the law and ordinances. When the bids have been examined, and the award made according to law, all monies or checks deposited as guarantees shall be returned to the depositor, or held by the city auditor subject to his call, except that of the successful bidder, which shall be held and considered, and accepted as part payment of the bonds so awarded or sold, but should there be any repudiation of the contract or agreement, or refusal to accept and pay for the bonds so sold, then and in that case the deposit shall be forfeited to the city of Toledo, and shall become the property of said city, in compensation for loss and expenses attending the sale of said bonds and as liquidated damages for repudiation of bid. And no bid will be received if not accompanied by money or check aforesaid.

The right is reserved to reject any or all bids.

Proposals should be addressed to the Auditor of the city of Toledo, Ohio, and be indorsed "Proposals for improvement bonds."

MRS. GRAHAM'S

Cucumber and Elder Flower Cream

Is not a cosmetic in the sence in which that term is popularly used, but permanently beautifies. It creates a soft, smooth, clear, velvety skin, and by daily use gradually makes the complexion several shades whiter. It is a constant protection from the effects of sun and wind and prevents sunburn and freckles, and blackheads will never come while you use it. It cleanses the face far better than soap and water, nourishes and builds up the skin tissues and thus prevents the formation of wrinkles. It gives the freshness, clearness and smoothness of skin that you had when a little girl. Every lady, young or old, ought to use it, as it gives a more youthful appearance to any lady and that permanently. It contains no acid, powder or alkali, and is as harmless as dew and as nourishing to the skin as dew is to the flower. Price $1.00. Ask your druggist for it.

SAMPLE BOTTLE mailed free to any lady on receipt of 10 cents in stamps to pay for postage and packing. Lady Agents wanted.

THE RED EARS.

We sat about the old barn floor
On heaps of straw. Above our heads
Were swinging lanterns, spluttering o'er
The piled-up corn ears, where the reds,
Deep hidden in the husky mass,
Were tickets to each ripe-lipped lass.

We strove with might and main. The pile
Waned swiftly as the hours flew by;
But fortune frowned on me the while,
And not a red-hued ear came nigh.
I sighed as toward her home I strode
With Minnie down the country road.

"That was hard luck," she laughing said;
Then quickly, "Aren't those tree-tops queer?"
And as from her I turned my head
She boxed me smartly on the ear.
It glowed beneath the dear rebuff—
But Minnie had to cry "enough!"

One of the biggest rocks ever moved in the course of railroad construction in this country was recently excavated on the line of the Mexican Southern. The giant bowlder was 120 feet in hight and measured 1,000 cubic meters. Six dynamite cartridges were placed under the rock after the men had excavated as much earth as possible, and were fired one after another. At the sixth explosion the big fellow rolled over out of the way.

More than 12,000 barrels of apple-jack will be made in New Jersey this year. This will provide upward of 26,000,000 straight drinks of a half gill each. It is said to be excellent for snake bites, and in some sections is prescribed for chills and fever, the grip, coughs, colds and nervous prostration. The popular Jersey nomenclature for apple-jack is "Josey Taylor," and every barkeeper knows what a man wants when he hears that call.

In Penobscot county, Maine, an insane woman was sent to the state asylum. Her husband procured a divorce, on the ground that his wife was incurable, and married again. The first wife was discharged as cured recently, but when she learned what her husband had done she became helpless, although sane. The husband refused to support her, although he had given bonds to do so, and the woman is now a town charge. The authorities are now suing the man, who is worth $30,000, for her maintenance.

"I have a swap for you," said a smiling southern woman to a northern acquaintance, and then to the latter's puzzled understanding the meaning of the localism was unfolded. To give one swap is to retail something complimentary received from a third person. The term is so used, apparently, because one retailing pretty speeches expects a like return; so a swap is really an exchange of compliments obtained at third hand. Another equivalent is a "tell," and the woman who learns that a friend has a tell for her expects a compliment.

A western engineer has patented a device by the use of which the steam that is often allowed to go waste when a locomotive is standing at a way station taking wood or water, can be utilized for pumping water for the tanks or reservoirs around the station. It is customary, at most large stations, to have a stationary engine and steam-pump for raising the water, but the inventor claims that by an arrangement this cost for fuel is saved, while the expenses of adding the improvement will be less than the cost of the pumping arrangements now in use.

The body of King Jaja of Opobo, who, for his savagery, was transported by the British to the West Indies, where he died, was lately taken back to his home. When the steamer arrived in the Opobo river she was met by a fleet of 60 war canoes filled with Jaja's warriors, clothed in full costume. The Queen's commissioner handed over the body of the king to his former subjects, who took it to his old palace. There the coffin was opened to satisfy the people that Jaja was dead. Then the place "went into mourning," and the ceremonies usual on such occasions began, of course without human sacrifice.

EMPLOYMENT OFFICES.

How the State Institutions Benefit Those Interested.

Correspondence Between Superintendent Murphy, of the Toledo State Bureau and the Labor Commissioner of Iowa.

The following self-explanatory correspondence anent the benefits of state employment offices will be found interesting:

Des Moines, Dec. 3, 1891.

Hon. Chas. W. Murphy, Toledo, Ohio:

Dear Sir: In the coming session of the Iowa legislature will be introduced a bill providing for free public employment offices similar to those now operating in your state, therefore I take the liberty to ask you to write me a letter setting forth your views regarding the benefits of such employment offices. I desire to use your letter, if possible, before the legislature of this state in support of the measure when it comes up for consideration. Hoping you will grant the favor I am

Fraternally yours,
J. R. SOVEREIGN,
Commissioner of Labor Statistics, Des Moines, Iowa.

Mr. Murphy's reply is as follows:

Dear Sir: The experience of the Toledo branch of the state labor bureau with employers of labor is that when opportunity is given they are not only willing but anxious to patronize the free employment office. The reasons given for this are the following:

First, they rely on the superintendent as an experienced mechanic to supply them with a superior class of employes, and secondly, the recognition of the fact that the superintendent's experience in the office gives him an opportunity of distinguishing the good from the poorer classes of domestic help.

Working men and women, my experience has shown me, treat this office not only as a harbor of refuge in the hour of need, but also as an institution desirous and able of furthering the advancement of the working classes.

Domestic servants, as a rule, have had but little encouragement from the so-called private labor bureaus which have cursed this and almost every other city in the country. When this branch of the bureau was established, 18 months ago, we had in this city several private labor offices, so-called, where applicants were charged from 50 cents to $2 for services promised. The result was that the commission paid was retained, while the positions promised were never secured for applicants.

Consequent upon the establishment of this office these bureaus have almost totally disappeared.

The offices referred to gave us but little trouble after the establishment of this branch, although the proprietors for some time made a vigorous kick at what they were pleased to term an infringement on the rights of private citizens.

In the work of collecting statistical data I experienced considerable trouble in the beginning, but the proprietors of manufacturing institutions, recognizing the necessity of such data, were, when fully informed upon the subject, glad, in the majority of cases, to furnish the statements asked.

HURON NEWS.

Huron, O., Dec. 16.—Charles Fry was held up while walking down Main street, near L. S. & M. S. crossing at about 8 p. m. last night, and robbed of quite a sum of money. Fry showed fight and was severely bruised. No clue.

PROBABLE APPOINTMENTS.

Washington, Dec. 16.—It is very probable that Stephen B. Elkins, of West Virginia, will be secretary of war. There is every reason to believe that after all the president has concluded to give the place to Mr. Elkins and that his nomination is likely to go to the senate any day.

STATE FUNDS.

One Hundred Thousand Dollars Called For From the Counties.

Columbus, O., Dec. 16.—State Treasurer Brown has advance drafts on County treasurers in favor of the general revenue fund to the amount of $100,000.

The drafts are $25,000 each on Cuyhoga and Hamilton counties, $10,000 each on Franklin, Montgomery and Lucas and $5,000 each on Mahoning, Licking, Butler and Stark.

It is estimated that the expenditure will necessiate anticipating an additional $200,000 during this month, making a total of $300,000.

Had it not been for the $332,000 of the direct tax money placed to the credit of the general revenue fund, the treasurer would have been compelled to anticipate on the February settlement the latter part of October. The $300,000 to be raised by advance drafts will meet all demands on the state until the funds are replenished by the receipt of taxes in February.

A REGULAR DUMP GROUND.

The Immigration Evil Discussed in Boston.

General Nettleton Tells the People of the Wrongs Inflicted Upon Them in the Present Day.

Boston, Dec. 16.—The first annual banquet of the Massachusetts state board of trade was held last evening. President Chas. E. Adams sat at the center of the head table, with Gen. A. B. Nettleton, assistant secretary of the treasury, on his left. Among others present was Hon. Benjamin Butterworth, of Cincinnati; Judge E. J. Macdermott, of Louisville, Ky., and Ferd. W. Peck, of Chicago.

Gen. A. B. Nettleton first spoke, and referring to the flood of immigration to this country, he said in part:

"Any expenditure is justifiable which is necessary to erect an effective dyke against this deluge of misery, vice and crime. This nation will continue to receive honest, well-disposed and self-supporting immigrants who come here prepared to bear the burdens of American citizenship.

"We are agreed that the artificial stimulus of immigration should decrease, and the pauper, leper, anarchist shall be shut out with bars of steel. Then it will be soon enough to raise the question whether further measures will be necessary.

"The highest service the American republic can render to mankind is to maintain the American republic, and whatever shall be necessary to that end must be done, regardless of the opposing interests of individuals on either side of the ocean. The best men must share actively in politics, tempering the party spirit, suppressing the professional demagogue and helping to guide political events along safe channels."

OHIO UNIVERSITY REPORT.

Columbus, O., Dec. 16.—The annual report of the Ohio University, at Athens, was filed with the governor to-day.

During the last year an average of 241 students attended the school. The expense averaged $1,800 per month. The trustees recommend appropriations amounting to $12,300 for improvements and other expenses during the next year.

The report mentions the fact that William D. Emerson, an alumnus of class '38, bequeathed $1,000 to be permanently invested, the interest of which is to be given every year to the student or graduate who shall write the best original poem.

DESTROYED BY FIRE.

Florence, Ala., Dec. 16.—Seven brick business houses were destroyed by fire. The fire was caused by a stove in a restaurant which was too close to a wooden partition. The total loss is $250,000. Only partial list of insurance can be obtained. T. E. Barry's loss was $2,100, insurance $1,500; Mrs. Saunders' loss $1,000, insurance $500. Dave Jones, a wholesale whisky dealer, loses $10,000, with insurance of $4,500.

TO MINE GOLD AND SILVER.

Youngstown, O., Dec. 16.—A party of capitalists, including General J. L. Botsford, H. O. Bonnell, L. W. King, H. K. Taylor, T. E. Davey, W. Scott Bonnell, of this city, and several Warren gentlemen, have organized the Richland Mining company and purchased 1,000 acres of land near Buford, Ga., underlaid with gold and silver quartz, which they purpose developing.

Can be counted on to cure Catarrh—Dr. Sage's Catarrh Remedy. It's nothing new. For 25 years it has been doing that very thing. It gives prompt and complete relief—but you want more than that. And you get it, with this Remedy—there's a cure that is perfect and permanent. The worst chronic cases, no matter of how long standing, yield to its mild, soothing, cleansing and healing properties. "Cold in the Head" needs but a few applications. Catarrhal Headache, and all the troubles that come from Catarrh, are at once relieved and cured.

You can count on something else, too—$500 in cash.

You can count on it, but it's more than doubtful whether you earn it.

The proprietors of Dr. Sage's Remedy, in good faith, offer that amount for an incurable case of Catarrh. Don't think that you have one, though. They'll pay you, if they can't cure you. That's certain.

But they can cure you. That's just about as certain, too. Can you ask more?

WAKE UP.

If you wake up in the morning with a bitter or bad taste in your mouth, Languor, Dull Headache, Despondency, Constipation, take Simmons Liver Regulator. It corrects the bilious stomach, sweetens the breath and cleanses the furred tongue. Children as well as adults sometimes eat something that does not digest well, producing Sour Stomach, Heartburn, Restlessness, or Sleeplessness—a good dose of Regulator will give relief. So perfectly harmless is this remedy that it can be taken by the youngest infant or the most delicate person without injury, no matter what the condition of the system may be. It can do no harm if it does no good, but its reputation for 40 years proves it never fails in doing good.

Trunk Lines Will Do Business With the Alton

Through the Erie—C., H. V. & T. Has a New Chief Train Dispatcher —A. O. R. T. Circular—Bill in the Interest of Railway Employes.

The recent action of the Erie in resuming business relations with the Alton has opened an avenue to connecting lines whereby they can also do some business over the Alton.

The T. & O. C. has instructed agents and connections that they are prepared to handle business over the Alton via the Erie.

A circular to this effect has also been issued by the Columbus, Hocking Valley & Toledo road.

The trunk lines passenger committee and agents of the eastbound committee of Chicago met in joint session at New York yesterday to consider the report of the secession of the Alton and the boycott of that road.

A resolution was offered to the effect that the mission of the committee with regard to the boycott be abolished. No action was taken but this was the sentiment.

Senator Cullom's Bill.

The following is a summary of Senator Cullom's bill introduced in congress for the greater protection of railroad employes:

All common carriers whose duties include the coupling of cars and who are members of established organizations of railway employes, may within six months after the passage of this act vote upon the choice of an automatic car coupler. Such coupler may be of the vertical type, but must be so devised as to couple by impact and to dispense with any person going between the cars to couple or uncouple. Every common carrier is to be entitled to one vote for every freight car owned, leased or controlled, and the employes entitled in the aggregate to one-third as many votes as may be cast by all the common carriers, the interstate commerce commission to have the power to decide upon the validity of the votes cast. If not less than 600,000 votes have been cast and the entire vote for any particular coupler is not less than 500,000, the commission shall certify these facts to the president, who shall issue a proclamation declaring the coupler chosen to be the standard safety car coupler for use in interstate commerce. And in case no choice is made the president shall appoint a commission of five competent persons to determine the coupler best to be used. The bill further provides that all carriers are to equip at least 10 per cent. each year of the number of freight cars used, and also to equip every engine with the power brake known as the "driving-wheel brake."

The bill provides further that a violation of the act shall be considered a misdemeanor and punishable by a fine of $500. The commission may extend the time to any particular company within which it shall be required to comply with the provisions of the bill; and after the year 1900 any company may refuse to accept any car not equipped as required by the bill.

The bill also provides that the commission shall invite bids from inventors of couplers, stating what they will accept from the United States for their patents, and upon the purchase of the patent by the government any coupler may be used or manufactured by anybody free. The salary of the commissioners is fixed at $5,000 a year, and an appropriation of $70,000 is made to carry out the proposed measure.

The Railroad Telegraphers.

The local branch of the Order of Railroad telegraphers have received a circular from headquarters at Vinton, Iowa, which the body desires printed for the information of railroad men in general, and it is given below:

To All Members of the Order:

The great object and intent of such a government as was formed by the fathers of the constitution was a government of the common people, for, of and by the people. This principle, ordained and established by our fathers, who fought so nobly for it, has been changed so that instead thereof, we are now denied the privilege that belongs to every American citizen, and that is to form our labor organizations, just the same as capitalists organize their moneyed corporations—hence we see the vast railroad monopolies of the country not satisfied with filling their millionaires' cribs to overflowing while their poor employes who produce the wealth and who are working for a mere pittance are barely able to scratch out a meager hand-to-mouth living and are driven to the ragged edge of poverty and starvation. Not satisfied with receiving from 14 to 18 hours of toil for a day's work, with a night bell attached to call the day operator at any moment in the night, thereby saving the expense of a night operator; not satisfied with reducing the salaries of the now already underpaid telegraphists to an amount equal that to which they desire to increase that of the officers of the company, they are now attempting to place the telegraphers of the country under servitude and exact from each in their employ an affidavit that said telegrapher (the dispatchers included) is not a member of the O. R. T., and will not join any such organization while in the employ of the company, without written consent of the general superintendent of the road.

The dispatchers and operators on the Southern Pacific and the Atlantic & Pacific railways have positively refused to take a solemn oath and swear away what little vestige of American independence that was left them, and accordingly on yesterday they, to a man, on both systems (so I am informed by wire), went out on a strike. The Western Union men at El Paso, Tex., refused to work with "scabs" or "scab roads" and realizing the true dignity of honorable labor, doubtless believing that the good of all can only be gained by securing the equal rights of each, and knowing that "in unity there is strength," that when we are once united we are irresistible, they too have quit.

The question before the fraternity today is: Shall we be men of principle and remain loyal to our fellow members of the craft who are now enduring the hardships and deprivations incident to such a struggle? Shall we remain loyal to our families, our wives and little ones and to ourselves, or shall we tamely submit to and accept with servility the desecration and annihilation of the thing we hold most dear—our manhood? Do you not know that as long as the ore lies in the mines, be it iron, coal, gold, silver or diamonds, it avails naught until the laboring man comes with pick and shovel and digs it out? Likewise these vast corporations with their several systems of railroads that span the globe with their thousands of miles of track, though they are powerful, yet without the train dispatcher and telegraph operator, who comes with sounder and key, after having spent months and years of hard study in acquiring competency in the profession and moves the trains, it is impossible for them to turn a wheel.

We believe that right and justice are on our side, therefore we propose to assist in every possible manner within our power those who have so manfully adhered to principle; sweeping away tyrannical oppression and raising high the banner of equal rights. In order that we may be able to do so it is absolutely necessary that we have funds immediately. Our regular protective fund is but just started. We cannot wait for that. We appeal to our members who have positions to contribute as liberally as possible to this cause, if for no other reason than that it is in defense of your own interests. Unquestionably there is a concerted movement on the part of the superintendents of telegraph to exterminate our organization, and if the Southern Pacific and Atlantic & Pacific railways succeed in forcing their employes to make that un-American affidavit that every other railroad company will immediately follow the precedent and exact a similar one from their employes.

We trust that our members will realize that the telegraphers of the Southern Pacific and Atlantic & Pacific railways have done their duty, and that when the smoke of battle shall have cleared away it will not be said the cause was lost for want of funds.

Chief Dispatcher Appointed.

A circular has been issued by Superintendent Robinson of the Columbus, Hocking Valley & Toledo road announcing the appointment of W. E. Castello as chief dispatcher and division operator of the Toledo division, with headquarters at Toledo. This position was made vacant by the resignation of R. T. Mathews, to take service with the C. & E. I road.

T. & O. C. Earnings.

The following statement shows the earnings of two lines of the T. & O. C. system for the second week of December. A handsome increase over the corresponding week of last year will be noticed:

	T. & O. C.
1891	$31,600
1890	29,040
Increase	$2,560
	T., C. & C.
1891	$6,855.50
1890	4,912.78
Increase	$1,942.72

The Strike is Spreading.

The Southern Pacific telegraphers' strike has spread to the Atlantic & Pacific, and to-day the operations on that line between Albuquerque, Arizona and Mojave, Southern California, are out. This is one of the most popular routes to California, whose business is booming just at present.

Agent Dumbaugh, of the Wabash, telegraphed to headquarters this morning to ascertain how the trains were running and with what regularity.

During October there were 224 accidents on American railroads, in which 58 persons were killed and 179 injured.

Cinders Here and There.

The Wabash has received the new folder, with time table and map.

The Big Four has received from the Terre Haute Car works 200 live stock cars, Hicks' patent, and has contracted for 300 more.

The Brooks Locomotive Works delivered a ten-wheel passenger locomotive to the Lake Shore & Michigan Southern railway. This is the first delivery on an order for ten engines.

The Lake Erie & Western, through Manager Bradbury, yesterday placed an order for 4,000 tons of steel. Six new engines will be received by this road the last of the present month.

G. F. Copeland, superintendent of the St. Paul & Duluth road, has resigned, to take effect January 1, when this position will be abolished and that of master of transportation created. E. L. Brown, chief train dispatcher, is to take the position.

WORKING THE WAR GHOST

Washington's Lobby is Getting to the Front.

A Scheme to Aid Appropriations for Defense

By Trying to Make the People Believe That One Chilian War Ship Could Destroy the American Shipping.

New York, Dec. 16.—A Washington special to the Herald says the navy department is in a warlike mood.

It was stated about the department yesterday that the Chilians are delaying their reply to our demand for information concerning the Valparaiso incident for the purpose of gaining time so that their new war vessel, the Capitan Prat, which will be the most formidable of their fleet, can be completed.

The situation thus outlined was discussed with earnestness and the opinion was freely advanced that President Harrison would in all likelihood take measures to checkmate Chili in this matter by sending a special message to congress within the next two weeks, reciting the fact that explanation and reparation had been demanded of Chili without avail and proclaiming the necessity of informing Chili that this country will resort to extreme measures if the desired response is further delayed beyond a reasonable and specified time.

The wisdom of this course, it is argued, would be apparent. The Capitan Prat is now building in France and cannot be finished in less than two months or more. Meantime, if President Harrison and congress should cause a declaration of war by the United States against Chili, it would prevent France from delivering the vessel to Chili, and would save New York and our other Atlantic cities from the danger of bombardment by that vessel. In case of war the advantages of this move would be manifest.

FACTS FROM FINDLAY.

The Marion Gas Well a Long Timer.

It is Just as Good To-Day as it Was Three Years Ago—Interesting General Mention.

Findlay, O., Dec. 16.—(Special)—The Marvin gas well on East Front street in the heart of the city and the third well drilled in the state is now better than ever. It was drilled in 1885, and has been used constantly. It became parrafined which shut off the flow of gas to a great extent. It has just been given a slight dose of nitro-glycerine, and now yields over 2,500,000 a day. This shows that a gas well by being properly handled will wear many years. A number of the wells throughout the city will be treated the same way.

Diphtheria at Carey.

The little city of Carey at present is having a serious time with that dread disease diphtheria. The public schools have been closed and children are forbidden to leave their homes. A number of deaths have occurred. The citizens are alarmed, and are now taking every precaution to prevent the disease from spreading.

Teachers' Meeting.

The Northwestern Ohio Teachers' association will meet at Kenton on the 28th inst. for a three days' session. Prof. J. W. Zellar, of this city, is on the program to respond to the address of welcome. Many Findlay teachers will probably attend.

"Got It Again."

The second annual seige of the grip has struck our city again hard, having many victims among all classes of people on the list. The physicians are all kept hustling. No serious cases have yet been reported.

Home for the Friendless.

The good ladies of our city were happy yesterday over the final opening of the city hospital and Home of the Friendless on North Main street.

A choice lunch was served to all callers. The city pays the rent on the entire building and rents three rooms for hospital purposes. This is something that was sadly needed, and the ladies have worked hard for several months past to secure funds to furnish the home and get it ready.

Without Parallel.

At the union Thanksgiving service held in the village of Value, east of this city, on the Big Four railroad. A collection was taken up for the worthy poor of the village. The committee appointed for the purpose after carefully looking over the ground claim they have not found any one in need of assistance. The committee is now in a quandry about what to do with the fund. This is probably the only town in the country where such a state of affairs exist. The fund could be used in this city to advantage.

THE TORCH OF WAR.

It May Be Ignited by the Bulgarian Spark.

Everything in the History of the Countries

Has Tended to Drive Russia and France Apart, and Some Day the Limit of Endurance Will Be Reached.

Paris, Dec. 16.—The refusal of the Bulgarian government to grant France the satisfaction the latter country demanded for the expulsion of M. Chadouine, a French journalist, from Bulgaria, continues to be the most exciting topic of conversation in diplomatic circles.

The gravity of the step taken by the French government in severing diplomatic relations with Bulgaria is acknowledged by all intelligent persons, and nobody versed in the delicate questions involved in Balkan diplomacy denies that this incident forms a spark dangerous enough to light the torch of war in Europe.

By this it is not intended to intimate that it is likely that this rupture of diplomatic relations between France and Bulgaria is leading up to a sanguinary conflict between the great powers, but no reliable person loses sight of the fact that that is just such apparently insignificant incidents as these that have led to great wars in the past.

Besides the recent moves on the political chess board, the dreibund ramifications, Cronstadt festivities, commercial treaties negotiations, M. De Giers's travels and other such matters have all tended to draw deeper the line separating France and Russia from the rest of Europe and still further paving the way for the great struggle which must come, sooner or later.

Consequently, with Europe in this state of combustion, the smallest sparks, the slightest signs of fire, in fact smoke, alone, is sufficient not only to cause alarm, but to constitute actual danger that the peace of Europe may be broken before all the great plans are perfected.

ENTERTAINMENTS.

Mr. Wilkinson's Widows a Splendid Comedy—"The Old, Old Story."

The splendid new farce, Mr. Wilkinson's Widows, was presented at Wheeler's opera house last evening and it proved to be all that has been claimed for it. It is a comedy of a high order, full of fun and humor, with a good plot to hold it together and some of the complications and results are the most comical ever placed in a comedy. The company was a strong one, and far ahead of the average comedy company.

The house, however, was poor, and this splendid piece deserved a much larger audience. It will be repeated to-night and the prospects are that it will get a better reception.

"The Old, Old Story."

The presentation of "The Old, Old Story," or "Beekman & Son, Bankers," at the Wheeler opera house the last two nights of this week, gives promise of being one of the notable society events of the theatrical season. The play is a refined society comedy drama of the highest type. Healthy in tone, forcible in expression and brilliant and witty in its dialogue, it possess elements appealing strongly to the better class of theatergoers. It had its original production at the Lyceum theater in New York, the most fashionable in Gotham. As presented by West & Sabel's carefully selected company of players it has been pronounced superior to its successors, The Wife and The Charity Ball. The patrons of the Wheeler may, therefore, look forward to a rare theatrical treat.

NOTHING LIKE IT.

There is but one remedy that will cure croup without opium, and without nausea. That is Dr. Hoxsie's Certain Croup Cure.

The English people when they travel consult the rate per mile. According to statistics, of every 100 persons who traveled on English railways last year eighty-eight and a half went in third class carriages (or, should we say paid for third-class tickets?), while 7.7 were second and only 3.7 went first-class.

United States of America, Northern District of Ohio.

The Central Trust Company of New York Complainant, v. The Cincinnati, Jackson & Mackinaw Railroad Company and others, Defendants. Consolidated Causes. In the Circuit courts of the United States for the Northern District of Ohio, Western division, and for the Southern district of Ohio, Western division, and for the Eastern district of Michigan, and for the Western district of Michigan, Southern division. In equity.

Notice is hereby given that in pursuance of a decree of the Circuit Court of the United States for the Northern district of Ohio, Western division, entered in the above entitled cause on June 5, 1891, and of a decree of the Circuit Court of the United States for the Southern district of Ohio, Western division, entered in the above entitled cause on July 1, 1891, and of a decree of the Circuit Court of the United States for the Eastern district of Michigan, entered in the above entitled cause on June 29, 1891, and of a decree of the Circuit Court of the United States for the Western district of Michigan, Southern division, entered in the above entitled cause on June 30, 1891, and of an order of said circuit court of the United States for the Northern District of Ohio dated November 14th, 1891, and of orders of said other circuit courts adopting the same, we, Benjamin F. Wade and Hiram F. Carleton, the Special Masters designated, by said decrees, will sell without appraisement, at public auction, to the highest bidder or bidders, in the United States court room, in the City of Toledo, County of Lucas, and State of Ohio, at three o'clock, p. m. on the 22nd day of December, 1891, that portion of the mortgaged premises and property mentioned in said decrees, and thereby directed to be sold known as the Central Division of the Cincinnati, Jackson & Mackinaw Railroad Company, being the property described in the first mortgage of the Cincinnati, Van Wert & Michigan Railroad Company, dated April 14, 1881, together with the proportion of equipment, material and supplies appertaining to such Division, which upon the reference ordered in said decrees, shall be decreed by the court to properly belong to the same, and to be covered by said mortgage. The same will be sold in the manner and upon the terms hereinafter stated, viz: Said property will be offered for sale as an entirety, without appraisement or redemption. No bid will be accepted therefor from any bidder for a sum less than $150,000, nor from any bidder who shall not, if requested by the Special Masters, place in their hands, or deposit with them, as a pledge that he will make good his bid, if accepted by the court, the sum of $15,000 in cash, or first mortgage bonds of said Cincinnati, Van Wert & Michigan Railroad Company to the amount of $100,000 of principal.

Of the price for which said property shall be sold, there shall be paid in cash, at the time of the sale, a sum equal to the amount of cash deposit hereinbefore required, and also, at the same time, and from time to time thereafter, such further portions of said purchase price as the court may direct; and the court reserves the right to reject any bid, and to take and to sell said premises and property, upon failure of any purchaser for twenty days to comply with any order of the court requiring payment. The balance of the purchase price not required to be paid in cash may either be paid in cash, or the purchaser may satisfy and make good said balance of his bid, in whole or in part, by paying over the outstanding First Mortgage Bonds secured by said mortgage and overdue coupons, and the outstanding Income Bonds, or either, at such price or value as shall be equivalent to the amount that the holders thereof would be entitled to receive thereon, in case the entire purchase price were paid in cash. If any bid shall be accepted by the court, and the person making the same shall fail to comply with all the conditions of sale and all orders of the court with respect thereto, the sum deposited by the bidder shall be forfeited, and shall be applied as the court may direct.

Reference is hereby made to the said decrees for a more specific description of the mortgaged property therein ordered to be sold, and for further particulars of the terms and conditions of sale.

Wheat Quotations for the Day—Price Current for Produce and Other Articles

San Francisco Commercial Herald of December 10: Review for the week ending Wednesday, December 9, 1891.—Despite lower markets in England the spot market for No. 1 shipping wheat has kept up pretty well, having been quotable at $1 80@1 82 1-2 till Saturday, when it dropped to $1 80. It has since recovered to $1 80@1 81 1-4. The market has been dull at these prices, especially towards the close, and sales have been of no great magnitude. Freights have dropped about as low as they can very well go, or as is possible that they will. The shipments in November were the greatest in the course of the year, reaching 1,704,067 centals of wheat, valued at $3,042,462 and 99,168 barrels of flour, valued at $482,727—a total equivalent to 2,001,571 centals of wheat.

Receipts for the week have been heavy—414,150 centals of wheat and 47,466 1-2 barrels of flour. The shipments have been large—415,192 centals of wheat in seven cargoes, one to Belgian, two to French ports and four to Great Britain and Ireland, as well as 28,553 barrels flour.

Arrivals at wheat ports, flour and wheat being reckoned together, from July 1 to Dec. 5, '91, compared as follows with those for the same period in 1890:

	Centals.
1891-2	9,914,667
1890-1	7,699,719

The exports of breadstuffs from this port by sea from July 1, 1891, to Dec. 9, 1891, as compared with the corresponding period of 1889-90 have been as follows:

	1891-92.	
	Flour. bbls.	Wheat. ctls.
Total	525,540	7,951,962
	1890-91.	
	Flour. bbls.	Wheat. ctls.
Total	538,391	5,209,268

Trafton's N. Y., "Produce Exporter."

Flour—Much the same features have characterized the general market as noted in our last review. Early in the week there was a fair degree of interest displayed by buyers, both for local and export account and full former figures were realized, with a few holders inclined to hold supplies for a slight advance in sympathy with the rise in wheat. It has, however, been extremely difficult, if not impossible, to induce buyers to pay even a fractional advance to cost. Although the demand has not increased and was neither active nor general, there has been enough accomplished to give sellers a more cheerful and confident feeling with a disposition to look for a more decided improvement ere long, but probably not much, if any, before the new year.

The Liverpool Corn Trade News gives the stock of wheat at 21 continental ports November 30 at 41,653,600 bu, and October 31 at same ports 39,040,000 bu.

California Wheat Movement.

The receipts at San Francisco in the week ending December 9 equaled 690,250 bu of wheat and 47,466 bbls of flour. The exports equaled 691,900 bu of wheat and 28,553 bbls of flour.

Rains in California.

The rains of Thursday, Friday and Tuesday were the first heavy rains of the season. They gave the earth a thorough wetting down, and will help out greatly the labors of the farmer. The amount varied from .10 to 2.00 inches. The average was about 1 1-4 inches.

Stocks of Grain in California.

December 1 the stock of wheat was 16,607,623 bu against 20,281,655 bu December 1, 1890. Of flour the stock was 140,043 bbls, against 118,123 bbls.

Special dispatches from Missouri and Kansas state that the rain has greatly benefited wheat which was in danger from continued dry, cold weather.

December 1.

Four grain laden steamers passed out of the Black sea—two from Russia, two from the Danube (all to Gib. for orders).

London wheat and corn markets opening very slow, but steady. Liverpool wheat and corn 1-2 pence lower.

The receipts of wheat at seven principal western points to-day are 976,686 bu., compared with 406,671 bu. on the same day last year.

The annual report of the Michigan salt inspector shows that during the year 3,927,671 bbls. were inspected, an increase of nearly 100,000 barrels over last year. Saginaw county's output was 362,954.

The Liverpool Corn Trade News gives the stock of wheat at 21 continental ports November 30 at 41,653,600 bu., and October 31 at same ports 39,040,000 bu.

California Wheat Movement.—The receipts at San Francisco in the week ending December 9 equaled 690,250 bu. of wheat and 47,466 bbls. of flour. The exports equaled 691,900 bu. of wheat and 28,553 bbls. of flour.

Rains in California.—The rains of Thursday, Friday and Tuesday were the first heavy rains of the season. They gave the earth a thorough wetting down, and will help out greatly the labors of the farmer. The amount varied from 10 to 20 inches. The average was about 1 1-4 inches.

Stocks of Grain in California.—December 1 the stock of wheat was 16,607,623 bushels, against 20,281,655 bushels Dec. 1, 1980. Of flour the stock was 140,043 bbls, against 118,123 bbls.

Special dispatches from Missouri and Kansas state that the rain has greatly benefited wheat, which was in danger from continued dry, cold weather.

December 1.—Four grain-laden steamers passed out of the Black sea—2 from Russia, 2 from the Danube (all to Gib. for orders.)

The receipts of wheat at seven principal western points are 530,015 bu. in excess of the corresponding Wednesday in 1890.

The export clearances yesterday at four Atlantic ports were 327,633 bu. of wheat and flour to an aggregate of 600,000 bu. The exports of corn were 85,738 bu., and of oats 24,709 bu.

English markets as reported herein are dull and lower for wheat and corn.

Future Trading.

Mr. Washburn, of the United States senate, represents the state of Minnesota in that body. He also represents there the great milling firm of Minneapolis, of which he is a member, if not manager. He has recently introduced in the senate, a bill which proposes to charge traders in grain a license of $1,000 per annum, and also a tax of 20c per bu on all trades for future delivery. This is a charming, liberal and sweet tempered movement. Minneapolis wants to buy the wheat of the northwest at a low price and sell the flour at a high price. That is natural enough on that side. On the other side the farmer desires competition, and all that competition will give him. The trading in wheat for future delivery on the exchanges is a factor of values, but the Washburns et al, don't want this competition. They want the wheat of the northwest at their own prices. There is but little liberality in human nature to the square inch.

Northwest Wheat Movement.

The Minneapolis Record says the expected increase in the receipts of wheat this week will not be realized on account of two days' rain. Farmers are more disposed to sell now than earlier when prices were higher. They are disappointed with the alliance prophecies.

Bradstreets reports the visible supply of wheat as increased, last week, 962,000 bu. Corn 893,000 bu. Oats 312,000 bu. On the Pacific coast wheat decreased 516,000 bu.

The markets for wheat on this side continue to decline, and to-day furnishes no exception. On lower Liverpool quotations prices opened lower all along the line and continued weak.

Corn has also broken off again, and all deals are lower.

In New York December wheat closed 3-4c, and May 1 1-8c lower; December corn closed 1c and May 1-2c lower; December oats 1-8c lower.

In Chicago December wheat closed 1 1-4c and May 1 1-4c lower. December corn 3 1-2c and May 5-8c lower. December oats 3-4c lower.

Liverpool is reported as closing lower for wheat and corn. Berlin a shade higher and Paris lower on flour.

In Toledo.—There has been a fair amount of trading reported in wheat, largely for May and cash wheat. Prices, of course, are cheaper, but our decline is less than at other markets. On the call May sold at $1.01 7-8. After the call January sold at 97c, May at $1.01 3-4c and closed at $1.01 1-8, a loss of 7-8c.

Cash wheat was more active than for a day or two, and a good demand was developed. No. 2 soft sold at 96c to 95 1-2c, a loss of 3-4c. Some small sales of the lowest grades.

Corn—No. 3 at 43 1-4c to 44c, No. 4 at 42 3-4c to 42 1-2c. No. 3 yellow at 43 3-4c, May at 44c. Rye—No. 2 at 92c. Dressed hogs at $4.25.

Cloverseed was easier and less active; about 5c lower. Prime for cash at $5.55 to $5.50, January at $5.50.

BEWARE OF THE WIRES.

They Look Harmless, but Are Very Deadly.

A Valuable Horse Killed This Morning by a Wire Hanging Down in the Street.

A valuable horse belonging to the Finlay Brewing company was killed this morning by an electric wire on Lagrange street, just east of Huron street. A wire, evidently belonging to the telephone system was hanging loosely across the street in a long loop and nearly to the ground, one side of the loop being on the trolley wire of the Consolidated street railway line. A brewery wagon, driven by Henry Villhauer, came along, and not seeing the obstruction one of the horses struck this hanging wire. The animal was instantly thrown to the ground and was dead almost before the driver could get off of his seat.

It was with some difficulty that the wire was cut, and in the meantime the other horse and the driver were shocked, but not seriously. No one seems to know how the loose wire came to be hanging across the street, and the theory is that it was broken by a falling limb from some shade trees which are being trimmed at that place. The wire struck the horse on the neck, and at the point of contact a deep hole was burned in the animal's flesh. The horse was valued at $225 by the brewing company.

ASSETS.

The assets of the People's Loan company of this city are now $740,000, and the next February dividend will be more than three-quarters of a million dollars. This company has never paid less than 8 per cent. per annum, compounded semi-annually.

At 10 o'clock a fine supper was served in the Sons of Veterans' room to a large number. Credit is due to the following arrangement committee for its efforts to make the affair a success: President, Kate Raynor; the Misses Richards, Alexander Crane, Sampson, Wise and Simpson, and Messrs. Capt. W. G. Baldwin, W. R. Cleary, H. G. Neubert, Charles Saltzgaber and W. H. Roberts. The receipts of the entertainment went toward the relief fund.

FANCY RUCHINGS AND LACES | Always an elegant assortment at LASALLE & KOCH'S.

STABBED WITH A LEAD PENCIL.

Springfield, O., Dec. 16.—Mamie Snider, aged 3 years, while playing with some companions, fell off a table and ran a lead pencil into her neck, just back of the jugular vein. The pencil broke off, and the child is in a critical condition.

A CHAMBER OF HORRORS.

The apartment to which the unhappy wretch is confined by inflammatory rheumatism is indeed a chamber of horrors. Appalling are the tortures inflicted by this agonizing complaint, and those endured by persons suffering from milder forms of it are severe enough. Obstinate as it is in its mature development, it is surely remediable at the outset with Hostetter's Stomach Bitters, an infinitely safer as well as more effective remedy than the potions often used to subdue it. Always should it be borne in mind by those seeking relief from rheumatism, that though conquerable in the incipient stage, it is not only stubborn but dangerous when fully developed, on account of its tendency to attack the vital parts. This consideration should lead to the early adoption of curative measures. The Bitters will overcome malarial, kidney, dyspeptic and bilious troubles.

LOCAL HAPPENINGS.

No court in Judge Harmon's room today.

Judge Lemmon is still unable to attend court.

The council committee on judiciary will meet to-night.

In police court this morning Martin Geiger was fined $5 and costs for assault and battery.

The county commissioners are considering the advisibility of issuing $25,000 worth of stone road bonds.

Standing room only is the order of things at the county treasurer's office. Taxes in the sum of $13,402.83 were paid in yesterday.

The Consolidated transfer station and offices are now lighted with electric lights, the power being taken from the Consolidated power house.

The assylum trustees are in monthly session to-day, considering routine business. Messrs. Houpt, Rohrs and Sutton are in attendance.

Toledo patents issued yesterday: J. C. Bonner, invoice blank; F. H. Harris, wagon running gear; John Zeigler, excavator and wrecker.

Mrs. Doratha Lyons, living at 708 Forrer street, died yesterday afternoon of heart disease and the coroner was called to view the body.

In police court this morning John and Ellen Gentner were bound over to the common pleas court for larceny from the person and bail fixed at $500 each.

Two overcoats were stolen yesterday afternoon from the Jefferson street school. Considerable of this sort of thing has been done lately at the different school houses.

Agent Dumbaugh of the Wabash received a dispatch from the officials of the Atlantic & Pacific, stating that the strike had not interferred with passenger traffic and ticket business.

Marriage licenses were issued to the following since the last report: W. A. Kuhlman and Martha Leichtweis; Barney Thrun and Emma Quetschke; John W. Kuhrt and Sophia C. Ehlert; Morris B. Merrill and Grace C. Wiltsie; Fred H. Hast and Rose M. Henry.

Several tramps made themselves very obnoxious by prowling around Linden Place, the large boarding house kept by Mrs. Chase at the corner of Madison and Ontario streets, last night. They demanded food and were very insulting. A telephone to the police station soon brought the patrol wagon and one of the fellows, George Wallace, was arrested. In court this morning he was fined $10 and costs and 30 days.

PEACE TO REIGN AGAIN.

A Twelve-Club League Has Been Formed.

The League and Association Get Together After Many Years of Bitter Warfare.

Indianapolis, Dec. 16.—The league reconvened at 11 o'clock at the club rooms at the Bates house.

It is reported that the differences between Reach and Rogers and the Wagners of Philadelphia, have been settled between them privately and that the Chicago differences which have been exaggerated are patched up and that the league is nearly ready to send its offer to the association's committee.

The association will accept the offer and the 12-club league will be formed.

CHRISTMAS PRESENTS AT AUCTION.

The large stock of Japanese ware just imported by Mr. Graff M. Acklin, is now opened up at 611 & 613 Adams street, and everybody is invited to come in to-morrow (Thursday) morning and get their holiday presents at their own price. An inspection of the immense stock warrants us in saying that the expectations of the most sanguine will be more than realized. There is a splendid assortment of fine decorated china in exquisite patterns, consisting of tete-a-tete and dinner sets, curios, Japanese tea pots, cups and saucers of quaint oriental design. A splendid line of vases, urns, Koros that are very ornamental and will make most desirable holiday gifts. Then there are a wealth of lacquered boxes, trays and bureaus, all unique in design and handsomely finished. In bronze ware there are jewel and pin trays, bonbon and jewel boxes, shoe horns, paper knives, mantel ornaments and ink stands. These beautiful wares have been carefully selected for the best trade, but will be sold at auction regardless of value. Other desirable and beautiful goods are there in rich profusion, such as embroidered fire screens, wall banners and fancy baskets. These goods will all be offered at auction, and the entire stock will be closed out regardless of cost. Come early, get a front seat and secure the choice of bargains. The time is short in which to make selections; Christmas will soon be here.

XMAS HANDKERCHIEFS | We offer the real nice styles in a greater variety than ever. Double the counter room devoted to Handkerchiefs. LASALLE & KOCH'S.

BOUGHT THE ROAD.

Dayton, O., Dec. 16.—A trust deed executed by the Cincinnati, Sandusky & Cleveland Railway company to the Big Four railway was filed for record here to-day, covering the road, rolling stock and other property of the C., S. & C. company from Dayton to Sandusky and branch roads from Carey to Findlay. The deed or lease is for 99 years, and renewable forever, and the property thus conveyed is valued at $6,000,000. The consideration is prompt payment of all interest on the stock and bonded indebtedness of the lessor.

GOV. SAFFORD DEAD.

Jacksonville, Fla., Dec. 16.—Ex-Gov. A. P. K. Safford died early yesterday morning at Tarpon Springs, of which town he was the founder. He had been ill over a year.

He was born in Vermont 54 years ago; had been a member of the California legislature, surveyor-general of Nevada, governor of Arizona, etc. He was a large land owner in Florida.

The People's Savings Loan and Building company issues certificates of deposit written with interest from 3 to 5 per cent. per annum for definite periods, from one month to one year or longer.

OHIO BOY PROMOTED.

Washington, Dec. 16.—David P. Cordaray, a graduate of the West Point Military academy, who was appointed as a cadet to that institution by Hon. Beriah Wilkins, when he was a member of congress, has been appointed to a second lieutenancy in the army. Lieutenant Cordaray's home is at Newark, O.

Judging by the way the new accounts are being opened at the People's Loan company, many people will receive a savings account in this company as a Christmas present. No more sensible present could be selected.

TO BE HANGED FOR THEFT.

Charlotte, N. C., Dec. 16.—Alfred Downs (colored) will be hanged Friday next for burglary. Downs last October broke into the residence of James W. Wadsworth, a wealthy citizen, and stole a syringe. He made no attempt to injure any of the inmates of Mr. Wadsworth's house, and was captured without difficulty in a neighboring yard, shortly after the burglary was committed.

KILLED IN A COLLISION.

Cincinnati, Dec. 16.—A collision occurred early this morning on the Chesapeake & Ohio, near Alderson, W. Va., between a passenger train which left this city at 6 o'clock last night and a freight train. A brakeman, fireman and mail clerk were killed, and three trainmen injured.

BAD WRECK NEAR LIMA.

Twenty People Reported to Have Been Killed.

All the Physicians in Lima Have Gone to the Scene of the Disaster to Render All Possible Aid.

Lima, O., Dec. 16.—A westbound fast express on the Ft. Wayne railway, due here at 9:30 a. m., went off the track and into a freight train on another track about a mile east of this place. Twenty reported killed. All the physicians in city have gone to the scene.

Later—The number of killed is now placed at four. The wreck was three

Later Particulars.

Lima, O., Dec. 16.—Train No. 25, westbound fast line on the Pittsburg, Ft. Wayne & Chicago railroad, jumped the track about two miles east of this city at 10:30 this morning and ran into east bound freight train No. 66, which was standing on a siding, killing one person and injuring about 35 others, six or seven of whom will die.

J. Manuel, colored, head cook of the dining car, is dead and fearfully mangled.

Phil Nulf, fireman of the freight train, had both legs cut off, and is dying.

N. E. Thomas, a waiter, head crushed and will die.

Judge Reynolds, or Reinolds, of Chicago, had his head and back hurt; fatally injured.

Mrs. Richmond, of San Francisco, and Mrs. Ann Smith, of San Francisco, injured internally. Mrs. Smith's 6-year old boy was hurt about the breast and is dying.

George W. Foote, waiter, was hurt on the back.

The supreme lodge, K. of P., may possibly come to Cincinnati again. Kansas City was selected for the next conclave, but that city is very slow about raising funds for entertainment, etc., and the local members of the order think of making efforts to bring the lodge to this city again. Hon. Howard Douglass and Chas. E. Brown were at the B. of A. to-day holding a consultation with Dr. Graydon and others with a view to enlisting their efforts in securing the lodge meeting.—Cincinnati Times-Star.

See B. H. Broer, 606 S. St. Clair street, for anything in the silverware line and be pleased.

The "Giant-Picture Book" entertainment to be given at the Wheeler opera house on the afternoon and evening of the 29th inst., under the auspices of the Toledo Boys Home, is to be a very unique and pleasing affair. It will consist of a series of living pictures shown in a book, the dimensions being ten feet in height by eight feet in width, which gives it its name. Between the series of pictures there will be given musical selections by some of Toledo's favorite musicians.

THE EURYDICE CLUB CONCERT.

Our own young singers—Misses Doolittle and Goodwin—who are pleasing Detroit people so well, will give us pleasure by the part which they will take in the program this evening. Cultivation is developing both voices rapidly, and Toledoans cannot well help being proud of both singers and voices.

Home Comforts. Nothing brightens up the home and gives such an air of refinement as a nice article of furniture. Such presents are always showy and pleasing.

THE WAY TO GO.

You have seen California frequently mentioned in newspapers and magazines. Perhaps a friend has been there and writes enthusiastic letters back home about the climate and the fruits. It makes you anxious to see the country for yourself.

The time to go is in the fall and winter. Then work here is least pressing and California climate is most pleasing. The way to go is via Santa Fe route, on one of that line's popular, personally-conducted parties, leaving Chicago every Saturday evening and leaving Kansas City every Sunday morning.

Special agents and porters in attendance. Pullman tourist sleepers are used, furnished with bedding, mattresses, toilet articles, etc. Second-class tickets honored. Write to Geo. E. Gilman, Michigan Passenger Agent Santa Fe route, for folder describing these excursions.

WE ARE Closing out our stock of novelties and staple goods now, before our invoicing time arrives. For bargains go to Bartlett's Palace Furniture store, 618 Jefferson st.

"HAPPY, HAPPY THOUGHTS"

Should fill the Hearts of Everyone at this; the Happiest Time of all the Year. Every one should do something to add to the happiness of others--don't say you can't--perish the thought.

WE MAKE IT POSSIBLE FOR THE POOREST IN PURSE TO BUY

Thousands of useful things at little cost. Warm Gloves and Mittens for Ladies, Children and Gentlemen, can be had for a few cents a pair.

Good well wearing stockings for Ladies, Children and men, can be had for so small a sum you would not miss it.

A WARM CLOAK for a child can be had for $1.50. A good warm cloak for a lady for the small sum of $2.90.

Health protecting underwear for Ladies, Children, Boys and Men can be had almost for asking.

Don't you know some one wanting a bit of carpet? Suppose you bought a remnant (for which we will charge you but little) and gave it to some one unable to buy. Even a small neat rug adds much to a bare room---and would cost you but very little money.

THOUSANDS OF TOYS IN OUR BASEMENT BAZAR, CAN BE HAD FOR A FEW CENTS EACH--A SMALL INVESTMENT PROPERLY DISTRIBUTED MIGHT MAKE A HUNDRED CHILDREN HAPPY. Let all the children come and see our toys.
